P. G. E. Sale, Tax Cuts, Features of MacLean Programme

Government Leader Outlines Plans in Election Manifesto; Seeks Opportunity to Complete Policies Already Initiated; Need of Co-operation With Federal Government in Solving Railway and Other Problems Is Stressed

Policies on which his Government will appeal to the electors of British Columbia at the forthcoming provincial election were announced in detail by Premier MacLean in a manifesto issued here to-day.

Chief of the Government's plans, as outlined by the Premier are:

1. Sale of the Pacific Great Eastern Railway or its completion to North Vancouver and Prince George. The Premier has every confidence that the negotiations for the disposal of the P.G.E. to the Canadian National Railways will be completed successfully, but meanwhile withheld details of these plans, stating only that they involved land grants and extension of the line to the Peace River country.
2. An early agreement will be reached covering the transfer of the Railway Belt and the Peace River Block from the Dominion to the Province with provisions to safeguard park lands, and to protect Federal Government employees in these areas.
3. In the immediate future provincial taxation will be substantially reduced through revenues to be received from the railway lands, through the general development of the Province and through the prospective disposal of the P.G.E.
4. Capital will be protected and encouraged. "We will see to it that the general public's interests are properly conserved."
5. Early investigation into plans for the establishment of a provincial health insurance scheme.
6. Studies with a view to permanent relief to taxpayers where school taxes are excessive.

With these the Premier coupled a detailed explanation of the Government's general policy in the handling of all departments. The manifesto follows:

To the Electors of British Columbia:

Since the last general election in 1924, there has been a number of changes in the personnel of the Provincial Government, and as there are some questions of major importance to be dealt with in the immediate future, I advised His Honor to dissolve the present Legislature. This will give the people of the Province an opportunity to express their views on the past record and the future proposals of the Government.

While the legislation and the administration of our affairs by the successive administrations that have held office since 1916, have been productive of excellent results, I feel sure that you will desire from me not only a summary of these activities but a statement as to our plans and policies for the future.

TOLMIE NOW ON WAY HERE

B.C. Federal Leader Expected Soon to Resign Federal Seat

Special to The Times
Ottawa, Ont., June 7.—Hon. S. F. Tolmie, Conservative leader in British Columbia, left Ottawa last night for British Columbia where he will launch his election campaign.

Interviewed in his office in the House of Commons, Dr. Tolmie said that there was very little comment he could make on the political situation at the Coast. He would study the situation just as soon as he arrived and would probably summon a meeting of the executive of the party to prepare plans for the election campaign, he said.

Ottawa, June 7.—Resignation of Hon. S. F. Tolmie, Conservative member for Victoria, probably will be placed in the hands of Speaker Lemieux within the next two weeks.

Annual Chamber Meeting Will Be Held To-morrow

Various activities of the Chamber of Commerce during the year will be reviewed at the annual general meeting of the chamber to-morrow at noon, when the report of the boards of directors will be presented for the approval of the membership at large. The meeting is to take the form of a luncheon, scheduled to start at 12:10 in the chamber dining room.

T. A. Stevenson, managing secretary of the Tacoma Chamber of Commerce, will be the speaker, his topic being "The Promotion of Industrial Development." Mr. Stevenson has several interesting and valuable suggestions to make to the Victoria chamber.

OUTLINES HIS PLANS TO ELECTORS OF PROVINCE

HON. J. D. MACLEAN, PRIME MINISTER

VICTORIA IS LINK IN NEW AIR SERVICE

Vancouver and Seattle Also To Be Joined With Prairie Cities and Alaska

Total of Ten New Seaplanes Ordered For Service; Flights as Far as Winnipeg

Vancouver, June 7.—Three new super-fokker, eight-passenger seaplanes, piloted by Canadian airmen, will open a daily triangular service between Vancouver, Victoria and Seattle, starting this month or early next month, it was announced to-day by Major D. R. MacLaren, manager for British Columbia of the Western Canada Airways Ltd. The company, which recently absorbed the Pacific Airways Ltd., of which Major MacLaren was head, had projected the first day of their passenger service for June 15, but it was necessary to make a postponement. The runs will be made all the year around if possible.

NEW PLANES ORDERED
The company has placed orders for eight new eight-passenger super-fokkers and is negotiating for a service to Prince Rupert and Ketchikan. The plan for the northward service is that it will connect with a Canadian transcontinental line operated out of Vancouver over the mountains to connect with planes of the company now flying westward from Winnipeg. Major MacLaren said the first of the two Boeing flying boats, which would be used for Federal fisheries patrol and exploration this summer, would arrive here Monday. This work would commence July 1, and in addition to the Boeings an HS-2-L, would be employed. Major MacLaren said he again would be active in the aerial patrol work.

OCEAN FLIGHT STARTS FALL

Planes at Trepassey, Nfld., and Curtiss Field, N.Y., Unable to Head For Europe

Trepassey, Nfld., June 7.—The monoplane Friendship made three unsuccessful attempts this forenoon to take off from the airfield for its projected flight across the Atlantic. The plane apparently was too heavily laden and the wind too light to enable it to rise.

The pilots are Wilmer Stultz and Lou Gordon. Miss Amelia Earhart is a passenger.

COLUMBIA FAILS
New York, June 7.—After six hours in the air, during part of which time it was lost in fog, the monoplane Columbia returned to Curtiss Field this morning. The two pilots having been unable to find Old Orchard, Maine, where they and Miss Mabel Boll, their passenger, intended to make a landing prior to attempting a transatlantic flight.

The pilots are Oliver Lehoultier and Arthur Argles, both of whom, born in the United States, served in the British Air Force in France in the World War. Of late Argles has been living in Toronto.

Japan Closely Watches Events In Manchuria

Tokio, June 7.—The Japanese newspapers are filled with alarmist stories and predictions about anti-Japanese movements in Manchuria, movements of troops and Soviet intrigues. The Foreign Office has discounted the press reports as without foundation and professed to be unperturbed. There are reports, however, that the first short leg of the flight should have been completed by to-morrow.

MANSON TO LECTURE ON B.C. TO-NIGHT AT SONS OF CANADA HALL

Under the auspices of the Victoria Liberal Association, Attorney-General A. M. Manson will address a public meeting to-night at 8 o'clock at the Sons of Canada Hall, View Street.

Mr. Manson will present his illustrated lecture on the progress of British Columbia in the last ten years.

TRADE LEADERS MEET AT QUEBEC

Delegates From All Provinces at Canadian Chamber of Commerce Convention

Quebec, June 7 (By Staff Correspondents of the Canadian Press).—The third annual convention of the Canadian Chamber of Commerce, held at the Hotel de Ville, opened to-day when close to 300 delegates registered for the three-day session. About 150 of the delegates arrived here early this morning on the steamer Tadoussac following a three-day cruise which started at Montreal Monday, while the rest arrived yesterday and to-day by train from various parts of Canada.

The formal opening session was held this morning, when the reports of the various officials were received. The report of the secretary for the period between September 15, 1927, and ended May 31, 1928, pointed out the work which had been accomplished by the Canadian Chamber following the convention at Vancouver.

FEDERAL LEGISLATION
In his report the secretary, William M. Clark, Montreal, impressed the fact upon the attending delegates that five points of the policy of the chamber had been carried into effect by the Federal Government.

"Chamber," said the report, "takes some legitimate gratification in observing the policy on scientific and industrial research, federal taxation, Canadian coal for Canadian people, the Federal Government."

While no committee has been named to consider a world co-ordinated body with a single direction of all exportable pool wheat produced in all countries, to-day's discussion suggested a move in that direction.

Many gestures about a co-operative commonwealth have been made by individual members, but others have discouraged such a suggestion as unworkable, undesirable and dictatorial. But no formal discussion of a world directorship has taken place, so much so that its policy on scientific and industrial research, federal taxation, Canadian coal for Canadian people, the Federal Government."

Jugoslavs In Dalmatia Town Are Mobbed

Vienna, Austria, June 7.—A dispatch to the Vienna Neue Presse from Zagreb (Zagreb), Croatia, to-day said renewed and more violent anti-Jugoslav demonstrations had taken place at Zadar, Dalmatia.

Many Jugoslavs were assaulted and their property damaged by Italians, the report said. Two Jugoslav flags were reported to have been spat upon and torn to shreds.

PARTY SPLIT WIDENS IN COWICHAN

Gray, Independent, Denounces Davie For Saying He Is Not True Conservative

The family squabble of Cowichan-Newcastle Conservatives proceeded to-day when Mr. George H. Gray, Independent Conservative candidate in the Island riding, issued a statement denouncing statements by C. F. Davie, the regular Conservative candidate, as untrue. To Mr. Gray's assertion that he was not a true Conservative at all, Mr. Gray replied by showing that he was a member of the Cowichan-Newcastle Conservative Association. Mr. Gray had previously announced that he was running as an Independent Conservative as a protest against the methods of both parties in the present election campaign.

His statement in the form of a letter to the press ran as follows:

ANSWERS DAVIE
Kindly allow me space to answer C. F. Davie's statement that appears in The Sunday Colonist, June 3, under the heading, "C. F. Davie is confident," and in his reported speech, he questions and "brands" the intention of Socialist and Independent candidates as a blind to mislead the issue.

My first thought on reading Mr. Davie's prophecy of his certain re-election in Cowichan-Newcastle riding was that if he was able and competent to look into the brains of over 5,000 voters, and then be able to say what the voters would do or not do in a month or so hence, then it would be only right that he should be re-elected here.

LARGER WHEAT POOLS DEBATED

Speakers Addressing Regina Conference Suggest "Co-operative Commonwealth"

Regina, June 7.—The expression of co-operation, "Commonwealth" was heard a number of times during the discussion at this forenoon's session of the International Wheat Pool Conference here.

"Problems and Policies" were debated. While no committee has been named to consider a world co-ordinated body with a single direction of all exportable pool wheat produced in all countries, to-day's discussion suggested a move in that direction.

Many gestures about a co-operative commonwealth have been made by individual members, but others have discouraged such a suggestion as unworkable, undesirable and dictatorial. But no formal discussion of a world directorship has taken place, so much so that its policy on scientific and industrial research, federal taxation, Canadian coal for Canadian people, the Federal Government."

"Our belief and our hope are that before long the producer will market all his products and the consumer buy all his necessities on this plan, and that ultimately we will reach our goal—a co-operative commonwealth," said Mr. Ransom.

JULY 18 IS FIXED FOR B.C. POLL

Nominations to Be Filed June 27 and Writs Returned Before September 1

House Dissolved This Morning; Ministers Scatter to Open Campaign

Premier Goes to Mainland on Way to Northern Ridings

July 18 was definitely fixed to-day as the date of the next general provincial election, with nomination day on June 27.

Announcement of this date was made by Premier MacLean just before noon to-day, and after Chief Justice Macdonald, acting as Administrator, had dissolved the Legislature, on the advice of the Cabinet.

Decision to hold an immediate election was reached by the Cabinet yesterday, but the date was not finally fixed until this morning. Forty-two days remain between now and the poll for the campaign, the minimum time required to get nominations into the outlying corners of the Province.

Under the order-in-council signed by the Administrator election writs must be returned here prior to September 1. The new Legislature is tentatively summoned to meet on January 8, 1929, but this is only a formality, and the date can be changed after the election.

RAPID DISSOLUTION

There was no formality about the end of the Sixteenth Parliament of British Columbia. After a brief meeting of the Cabinet Premier MacLean and Attorney-General Manson waited upon the Administrator in his office at the Parliament Buildings with an order-in-council recommending the dissolution of the Legislature and the holding of a poll on July 18. This order was signed immediately, and the entire business of changing the old Legislature from a reality into a memory was accomplished in less than an hour. After the Administrator had given his assent to the Cabinet's wishes, the Premier called in newspaper correspondents and informed them of the date fixed.

The machine of British Columbia politics immediately set to work to move over its allotted campaign course of forty-two days. To every riding in the Province, from Victoria to the remote wilds of Atlin, the word is being flashed to-day, as both parties line up for the most important struggle in twelve years. From now on there will be no let-up in the campaign, with the capital almost deserted by the Government.

MINISTERS SCATTER
Immediately after fixing the date of the election and advising the Administrator to dissolve the Legislature, members of the Cabinet prepared to scatter to every corner of the Province to begin their canvasses.

Bank Clearings Up Nearly \$1,000,000, Or \$150,000 a Day

Victoria bank clearings for the week ending to-day show an increase of more than \$900,000, or at the rate of more than \$150,000 a day, according to the totals issued by the Clearing House this afternoon.

Comparative figures are: Week ending to-day, \$3,144,643. Same week last year, \$2,219,101.

MAN PLUNGES TO DEATH FROM PIER

At English Bay, Vancouver, Citizen Thought to Have Drowned Himself

Vancouver, June 7.—Taking the precaution to attach himself to a pier at English Bay, Jeremiah Morris, fifty-five, living on Davie Street, Vancouver, is said to have plunged to his death in English Bay shortly before 10 a.m. to-day.

The first intimation a tragedy had taken place was given when an overcoat and an inner coat were found near the water. An investigation was made and the body was found in the water near the float.

Attached to a foot of the body was an electric wire which had been used for lighting purposes, but which had been detached, the object of the man apparently being to ensnare his body being speedily found and to prevent it from being carried away by the tide.

Papers found in the clothing proved the identity of the man, and communication with relatives brought to light the fact that he had been in a despondent condition for some time, following an injury to the head received some months ago.

Morris leaves a widow and a son.

REVISION OF CHURCH RULES IS DISCUSSED

Presbyterian Assembly at Regina Hears Report of Committee

Regina, June 7.—Preliminary reports embracing a review of the work of a special committee on revision of rules and forms, the disposition of tenets and an accounting of the progress of The Presbyterian Record, the official organ of the church, engaged the attention of commissioners at the second session of the Presbyterian Church in Canada to-day.

Prior to the constitution of the Assembly this morning, Rev. Dr. John Buchanan, the new Moderator, led the devotional exercises. He sounded a challenge for untiring energy and application in the prosecution of the work of the church at home and abroad.

"Let us give our best efforts at all times, serve devoutly and work unselfishly, with inspiration for our cause, which must triumph," he said.

CHANGE IN ORDERS
A proposal submitted to the Presbyteries throughout the Dominion to amend the rules of the church to provide for biennial meetings of the General Assembly was unanimously rejected.

A second result urging minor amendment of the standing orders regarding ecclesiastical procedure was adopted. Of five synods that voted on this question, four recorded their approval of the change, while the synod of Prince Albert and Saskatchewan opposed it.

NO ACTION ON SALARY ISSUE

Question of Raising Judges' Remuneration Likely to Stand Over

Special to The Times
Ottawa, Ont., June 6.—The report of the special committee of the House of Commons appointed to inquire into the necessity of increasing judges' salaries is lying on the table of the House and will not be brought up again this session, according to present expectations.

The adoption of the report has not been moved and the chairman of the committee, J. T. Thomson, Liberal member for Winnipeg South Centre, stated this afternoon that there was little likelihood of this step being taken. Hon. Ernest Lapointe, Minister of Justice, is expected to make some announcement of Government policy on the matter when the estimates of the Justice Department are under consideration.

It is probable that he will promise that the report will be considered next session. The report recommends an increase of \$2,000 per annum in the salaries of all judges with the exception of those of the Supreme Court, and in their case the recommendation is for an increase of \$3,000 per annum.

Sir Esme Howard Is to Visit Britain

New York, June 7.—Sir Esme Howard, British Ambassador to the United States, sailed early to-day on the liner Berengaria for his annual visit to Great Britain. He plans to return in the Fall.

LITTLE JOE

WHEN A BILL COLLECTOR FINDS THE LADY OF THE HOUSE IN, SHE'S OUT.

Ottawa's Administration Of Immigration Is Given Approval By Commons

Committee's Report Voted by House To-day; Chairman of Committee Suggests Closer Co-operation Between Federal and Provincial Governments

Ottawa, June 7.—The House this forenoon tabled the immigration question. The matter arose on the immigration report from the agriculture committee, tabled in the House yesterday. When W. F. Kay, Liberal, Brome, Que., chairman of the committee, rose to move adoption of the report, C. H. Caban, Conservative, St. Lawrence-St. George, Montreal, intimated he would have an amendment.

Speaking to his motion, Mr. Kay said a striking feature of the immigration report before the House was that it was unanimous.

Mr. Kay advocated greater co-operation between the Federal and Provincial Governments in immigration activities.

M.P.'S CHARGES ARE WITHDRAWN

J. Evans, Prairie Progressive, Admits He Was Mistaken About Young, Saskatoon

Ottawa, June 7.—"I accept," these words from John Evans, Progressive, Roseburg, Sask., terminated in the House to-day an incident which had threatened to grow suddenly to undesired proportions. Yesterday Mr. Evans made charges against Dr. A. M. Young, Liberal, Saskatoon, which Speaker Lemieux to-day characterized as the worst he had heard in thirty years. Dr. Young to-day denied the charges completely.

Mr. Evans returned that he was of opinion his statements of yesterday were correct.

When Mr. Evans concluded, Speaker Lemieux, quoting a rule, called upon Mr. Evans to accept the denial unreservedly. The Speaker added he would be sorry to have to use powers conferred upon him.

Mr. Evans hesitated for a few seconds and said: "I accept." "Withdraw, withdraw," came the shout from the Liberal benches.

SAME AS WITHDRAWAL
"The honorable gentleman has accepted the denial," Speaker Lemieux said. "That was the same thing as a withdrawal."

The House then returned to the immigration discussion. When estimates of the Department of the Interior were under consideration yesterday Mr. Evans referred to the case of a returned soldier in Saskatoon who had secured seed and feed from the Government in 1915.

TUDOR HOME ON LANSLOWNE RD.

Maclure Designed Residence For J. L. Dunlop Will Be Erected By Thomas Ashe

A handsome Tudor residence costing in the neighborhood of \$15,000 will be built for J. L. Dunlop on Lansdowne Road, it was learned to-day with the award of the general contract to Thomas Ashe, contractor of Oak Bay.

Architect Sam. Macure is the designer.

Standing on high ground immediately adjoining the Provincial Normal School, the residence will have a commanding view of the city. It will contain nine rooms and rich panelling will be a feature of some of the apartments. Hardwood floors will be laid, bathrooms will be tiled and a hot water heating system will be installed.

The contractor has already commenced preliminary work on the site. Architect Macure, recently let contracts for residences which are now under construction in Oak Bay for J. H. Hinton and C. Parker. These two homes will cost approximately \$14,000 each.

DR. E. L. McNIVEN IS GRADUATED BY EASTERN COLLEGE

Dr. E. L. McNiven, a native son of Victoria, was graduated in medicine at Toronto University to-day. He will come to the Coast immediately to enter the Vancouver General Hospital. Dr. McNiven is the son of J. D. McNiven, Deputy Minister of Labor for British Columbia. He was born and educated here in the public and high schools, where he was well known in athletics. His circle of friends in Victoria is large as he has visited the city frequently during his period of study in the Toronto institution.

ANOTHER LAKE HILL BUS BID

Olson Makes \$15,000 Offer to Saanich Council

A bid of \$15,000 for the Saanich Municipal bus line serving Lake Hill district was this morning filed with the Saanich Council by H. B. Olson, president of the Express Taxi and Sightseeing Co. Limited, operators of the bus service between Victoria and Sidney.

Mr. Olson, coupled with his offer a proviso that he be accorded an exclusive franchise for ten years, covering operation of buses on Quadra Street, Saanich Road and East Saanich Road. Saanich has already on file an offer, from J. S. H. Macdonald, of \$12,500 for the Lake Hill system, supported by a marked cheque for the full amount tendered. Mr. Matson proposes to incorporate a municipal route in a Saanich-wide service, which has already taken over all the bus routes in the municipality other than the service between Victoria and Sidney, operated by Mr. Olson.

Mr. Olson's tender of \$15,000 for the Lake Hill system is as follows:

LARGE INVESTMENT
"We have been advised that if a satisfactory offer were made, the Council would consider the disposal of the Lake Hill Municipal buses to an operating company."

"We are operating motor transportation service between Victoria and Sidney, and a large expense through your municipality on the East Saanich Road, and have placed on the route the best and most efficient equipment that can be obtained, and have complied with the requirements of the Motor Vehicle By-law, and have in

ALL SAVED AS VESSEL SINKS

Fifty Aboard Ss. America Escape When Craft Goes Down in Lake Superior

Duluth, June 7.—The steamship America, a Great Lakes passenger vessel, sank near Isle Royale to-day. The Booth Fisheries, owners, were informed of the loss.

The crew of thirty and from fifteen to twenty passengers were saved. The vessel, which operated between Duluth, Isle Royale, Fort William and Port Arthur, was leaving Washington Harbor, Isle Royale, when it struck a reef which split the hull.

The steamer, one of the smaller Lake passenger vessels, was 182 feet long with a twenty-seven-foot beam. It was thirty years old.

APELLE WINS RACE AT EPSOM

Epsom, Eng., June 7 (Canadian Press Cable).—B. McCreery's five-year-old colt Appelle won the Coronation Cup over the mile and a half course here this afternoon by a short head from Mrs. C. Rich's Silverstreak. Two lengths back was Lord Astor's Booklaw. Only four ran.

The betting was 100-15; 100-8 and 2-5 against. The race, first run in 1902, is one of the most important of the year in England and for four-hundred and upwards. The winner this afternoon carried 132 pounds, more than any other starter. Appelle is by Sardapelle-Angella.

P.G.E. SALE, TAX CUTS, FEATURES OF McLEAN PROGRAMME

(Continued from page 1)

In order to determine the future policies of the government, it will be necessary to review in general terms the administration of the Province in the past, and as an active member of the administration for the past twelve years, I think I can claim that I am fairly familiar with all phases of governmental activity.

FINANCIAL POSITION

In the estimates of revenue and expenditure prepared by the administration which went out of office in 1918, the estimated annual revenue was little more than one-half the proposed annual expenditure, while there were also railway bonds guaranteed to enormous amounts.

The natural result of such a financial position is the shattering of our Provincial credit to the extent that our bonds were with difficulty marketed, and were selling for the lowest price paid for the bonds of any Canadian province. On assuming office, we at once took steps to put the financial affairs of the Province in order. As a result of the measures taken, the Provincial credit has been restored, and we have been able to obtain financing of international reputation testifying to the soundness of our financial policies, and the excellence of our financial standing.

TAXATION

During the process of establishing our finances on a sound basis, during the war period and the years immediately following the war, and to provide for the additional Government services that were necessary to meet public demands, some increases had to be made in taxation during the early years of our administration. In the last few years, however, we have made substantial reductions in our rate of taxation, and in several instances our taxation rate is lower than it was in 1918.

In the immediate future, further substantial reductions in taxation will be made consequent upon general development throughout the Province, and the additional revenues the Province will receive from the restoration of the Peace River block and the railway lands, while a further large reduction will be made following the disposal of the Pacific Great Eastern Railway.

SOLDIER REHABILITATION

Shortly after our accession to office, our soldiers began to return from the stricken Europe and it was necessary to take effective measures for their rehabilitation. In this connection, the Department of Industries was established especially to aid returned soldiers. Several large land development schemes were undertaken and money was provided in co-operation with the Dominion Government for the building of houses for returned soldiers. While some losses will result, the work undertaken has been of great value to the returned soldiers, and it is a matter of pride that we have been able to provide for the rehabilitation of the returned soldier into civil life.

HEALTH

Marked progress has been made during the past ten years in all branches of health administration. Signal advances have been made in the prevention of infectious diseases and particularly in the prevention and cure of tuberculosis. During the ten years ending in 1918, the death rate from tuberculosis was a disturbing and alarming rate, but no adequate provision was being made to prevent the spread of the disease, while typhoid fever, diphtheria, and other diseases of camps and water supply, was quite prevalent.

During the last ten years, Tranquille Sanatorium has been established as a Provincial institution for tubercular patients with free treatment for those who are unable to pay. In addition, a traveling medical health officer has been appointed to those duty is to assist local medical men in diagnosing early cases of consumption and in educating our people in methods of preventing the onset of this dread disease.

Living conditions in camps are being supervised; water and milk supplies protected, with the result that typhoid fever and other infectious diseases have largely disappeared. Nurses have been appointed in the rural parts of the Province to assist in cases of emergency as well as in Provincial health work generally.

STATE HEALTH INSURANCE

A very important matter which is receiving sympathetic consideration from the Government is state health insurance, and at an early date an honorary committee of the members of the Legislature will be appointed with a view to gathering data on this question and reporting on the practicability of such a scheme as applied to the Province of British Columbia.

EDUCATION

Our school population has nearly doubled since 1916, while the number of students in our high schools has also largely increased.

Three years ago the Government appointed a commission to investigate every phase of our educational system, with a view to its improvement. Since the report of the commission was issued, many of their recommendations have been adopted by the Education Department, and as time goes on additional changes will be made both in the course of study and in the matter of financing our schools.

Equitable taxation for school purposes is a most difficult problem and one to which I personally have given much attention, but up to the present, sufficiently definite conclusions have not been reached to warrant any drastic changes. The subject will be further pursued with a view to granting permanent relief where the tax rate for school purposes is excessive.

To meet the problem of educating our young children living in isolated districts, a system of education by correspondence was established seven years ago, so that at present a child can secure all of its schooling from the first grade of the Elementary School to the University without attendance at either an Elementary or a High School.

A school for the deaf and the blind was established and to-day some eighty such handicapped children are receiving the benefits of an education and are being taught useful trades and nearly all graduates of the school are earning in positions.

UNIVERSITY

The university has been permanently established at Point Grey with 1,700 students in attendance from every walk

of life and from every part of the Province.

In connection with the erection of the university buildings development was undertaken of the University Endowment Lands to eventually pay for the university buildings, which will mean a further reduction in taxation.

LIBRARIES

In the important field of library work our scope of endeavor is constantly expanding and it is the intention to greatly increase library facilities to all portions of the Province.

SOCIAL LEGISLATION

In the realm of social legislation, many important measures were passed and in this respect we are far in advance of any other province of the Dominion of Canada. We were among the first to adopt Mothers' Pensions and first to adopt Old Age Pensions. In respect of our many governmental institutions and all matters pertaining to the social welfare of the people we will in future go as far as conditions demand and financial resources will permit. We believe that in respect of Principal Institutions, hospitals and other eleemosynary institutions, more and more must preventive means be adopted. This is not only desirable from the standpoint of cost but is in the better preservation and saving of human life.

LABOR

The establishment of the Department of Labor has been of great benefit to employer and employee alike. It has been the means of conciliation and many seeming conflicts of interest have been settled.

Free Labor Bureaus were established which have been a valuable clearing-house for all jobs and have enabled the demand for workers to be filled with dispatch in any portion of the Province.

Numerous beneficial acts have been passed under which conditions for the worker have been greatly improved and the standard of living of the workmen and their families raised.

DEVELOPMENT OF OUR NATURAL RESOURCES

In addition to placing the Province upon a sound financial basis and the adoption of measures of helpfulness to all our people, we have endeavored to do all governmentally possible to further the development of our natural resources.

ROAD CONSTRUCTION

Road construction is an important factor in development. Early in our administration we laid out a programme providing for a trunk road system which we have consistently followed and, in addition, we have made every possible provision for secondary roads to take care of the requirements of settlers. We have also constructed roads and trails for the purpose of encouraging the mining industry.

For the future, our main trunk road plan, adopted some years ago, will be proceeded with and continuously carried on to final completion while new trunk lines will be constructed as conditions warrant. Our policy of providing roads for settlers and to encourage the mining industry will be continued.

MINING

The annual mineral production has doubled during the past ten years and the Province has won a place of prominence as a producer of copper, lead and zinc, and has challenged Ontario's premier place in the Dominion in point of silver production.

There is much prospecting and more capital available for mining development than ever before in western mining history.

Free assay of mineral samples to the prospector is furnished by the British Columbia Bureau of Mines.

The intention of the Government to co-operate with the Dominion in general research work and in this connection practical experiments are now being carried on with respect to the construction and repair of roads, trails and bridges to mines and to unexplored districts having mineral possibilities.

Co-operation between mining and other public service organizations with the Department of Mines has resulted very beneficially to the mining interests of the Province.

Free assay of mineral samples to the prospector is furnished by the British Columbia Bureau of Mines.

The Government proposes in the future, as in the past, to use every opportunity to stimulate the production of minerals by fair and equitable treatment of capital, and by generally safeguarding the condition of the worker.

GAME

Game is one of our natural assets and its conservation is of utmost importance to the Province. As a conservation, game sanctuaries have been established, fur farms have been encouraged and provision made for registration of trap lines.

Notwithstanding the greater numbers of people obtaining their living from our game resources, there is a greater stand of game in the Province today than obtained fifteen or twenty years ago.

Our conservation policy will be continued so that both from the commercial aspect and from the standpoint of sportsmanship, this great asset will be of increasing importance.

TIMBER

The timber industry is being operated on a large scale, and the splendid co-operation ever before and the Forest Service and the industry.

Educational work, as to the value of the British Columbia timber, has been carried on and our water-borne trade has increased one thousand per cent in the last ten years.

A policy of great conservation under which some 10,000 square miles have been set aside as forest reserves, has been adopted. Additional reserves will be set aside from time to time until we have allocated a sufficient area to provide an annual timber cut in perpetuity as large as the present annual cut. Timber will be one of our greatest assets for all time.

GRAZING

We have protected the grazing areas of the Province and all Crown range is now administered under a scientific basis to carry the largest number of stock without depleting the range. British Columbia has immense areas of range and we will continue to encourage the expansion of this important industry.

IRRIGATION

Realizing the importance of farming in the Dry Belt, \$2,500,000 was loaned to Irrigation District for the upkeep and extension of the water systems,

and provision has been made for relieving the districts from repayment of a portion of this money, where circumstances so warrant.

Funds will be available for further necessary work for the protection of the water systems.

WATER

Reconnaissance work as to potential water power has been carried on and, while only a small part of the Province has been covered, we have already evidence to indicate in the area surveyed that there is available six million horse-power more than estimated by the Dominion Conservation Commission for the whole of British Columbia. Six million horse-power is one million horse-power more than used in all Canada at the present time.

Cheap power is an essential factor in economic development. Some time ago investigations of the whole power question of the Province were started. Information was obtained from other portions of Canada and from the United States, and these investigations will be continued to the end that ample supply shall be available at a fair and reasonable cost.

We will continue our policy of taking to the end of our natural resources.

STREETS

General survey work and photo-topographical work has been carried on on a very satisfactory basis. All possible information is being secured so that intending settlers or intending investors may have the best possible information with the least possible delay.

LANDS

Lands of various character are only alienated at the present time for use and no attempt is made to foist any areas upon the public from a speculative standpoint.

It is desirable to encourage settlement in the interior, and in this connection it is the intention, in the outlying districts, to further expedite the classification of timber lands as distinct from those intended for settlement. Settlers may not have to wait for a special examination before they can know definitely whether land is open for settlement or not.

Provision has recently been made that where a pre-emptor, for some unfortunate reason, is compelled to abandon his claim, he will not lose the benefit of his improvements, as the amount realized from the sale of these improvements to a subsequent purchaser or pre-emptor will be paid over to him.

AGRICULTURE

Agricultural development has kept pace with industrial and road development throughout the Province and production has more than doubled during the past ten years.

Expert advice along every line has been furnished free to the farmer. Insect pests and plant and animal diseases have been combated wherever they appeared and every encouragement given to the production of higher quality crops.

Every assistance has been given to co-operation in the marketing of tree and field crops. The marketing and other legislation has proven very beneficial to the farmer.

Assistance in land clearing and to prospectors has been rendered by rebating \$2.50 per acre on stump pulling for the last five years.

Export of farm products has increased 165 per cent during the past ten years, and the general development of industries in the Province has led to an increased local market for our agricultural products.

The Government will continue every possible encouragement and assistance to the farming industry.

INDUSTRIAL ENDEAVOR

We have endeavored, by sound policy and wise administration, to encourage every form of industrial endeavor. Money is flowing into the Province to be invested in industrial and mining enterprise as never heretofore, and the industrial payroll has increased 125 per cent since 1916.

We will continue to encourage capital to come into British Columbia and will afford it every reasonable and proper protection, while at the same time we will see to it that the general public interests are properly conserved.

RAILWAY BELT AND PEACE RIVER BLOCK

Announcement by the Prime Minister of the Government of Canada that the Railway Belt and the Peace River Block would be returned to the Province of British Columbia, will be implemented by an agreement between the Dominion Government and the Province of British Columbia which will be submitted for ratification at the next session of the Dominion Parliament and the Provincial Legislature. In this connection, existing rights will be properly protected and definite agreement entered into with respect to national park areas, so

that these areas will be preserved in perpetuity for the national welfare.

Proper regard also will be given to those now employed in the Dominion service in the Railway Belt and Peace River Block.

PACIFIC GREAT EASTERN RAILWAY

With regard to the Pacific Great Eastern Railway, I announced in the Legislature at the last session that the desire of the Government was to dispose of the railway, but that failing to sell it, the Government itself would undertake completion of the line.

At the Liberal convention held in Vancouver in 1927, the following resolution was carried:

"Resolved, that this convention of Liberals assembled appreciate and commend the efforts of the Premier, the Hon. John Oliver, to find a solution of the Pacific Great Eastern problem and urge upon the Government of British Columbia to extend its best efforts to this end, failing which we pledge ourselves to undertake the continuation of the road from Vancouver to Prince George at the earliest possible date."

"Be it further resolved that the best efforts be continued both by the Federal and Provincial Governments to find adequate transportation facilities to the Pacific Coast for the settlers of the Peace River Valley."

That is still the policy of the Liberal party in the Province. Every effort has been made to carry it out. At the last session of the Legislature, a bill was passed authorizing a loan of \$4,000,000 for the continuation of construction should all other methods fail.

During the Inter-Provincial Conference held in Ottawa last November, I spoke on the Provincial railway question, not only as it affects British Columbia, but also the other provinces of Canada. I pointed out that in view of the present railway situation in Canada with the Canadian Pacific and Canadian National transcontinental railways, the Government of Canada should interest itself in the railway problems of all the provinces.

In regard to British Columbia, I pointed out that when the Canadian National Railway entity was created through the virtual insolvency of the Canadian Northern and Grand Trunk Pacific Railway system, the covenant which British Columbia had with the latter road became impossible of fulfillment, and I urged that the Federal Government was morally bound to take steps to protect the interests of our Province. The Federal Government was impressed by this argument.

I thereupon opened up negotiations with a view to the Canadian National Railways taking over the Pacific Great Eastern. The discussions hinged upon the replacement value of the railway, a land grant, continuous operation and completion of the line from Vancouver to Prince George and extension to Peace River.

I reiterate that it is the policy of the Government that construction of the Pacific Great Eastern Railway shall be completed as stated by me when introducing the Loan Bill for \$4,000,000 last session, but in view of present negotiations I do not think that it would be wise for the Province to now begin construction, as I have the fullest confidence that the negotiations that are now proceeding will be brought to a satisfactory and successful conclusion.

GENERAL POLICY

In the foregoing statements of our policy, I venture to submit that our actions in the past merit the confidence of the electors as to the future.

In the general administration of affairs, we propose to do the very best we can for every part of the Province. A Province of the immense area of British Columbia, with its diversity of interests, requires diversity of treatment, and it will be the endeavor of our administration to adequately meet the special requirements of the various portions of the Province.

CO-OPERATION WITH DOMINION GOVERNMENT

Looking in perspective on the broad question of Provincial administration, there is one phase of the situation at the present time which is all important and which I would particularly emphasize, because I believe that it should receive the very earnest attention of the electors. We have inaugurated important negotiations between the Provincial and the Dominion Governments. In this, as in other matters, the Governments of the Dominion and of this Province have been working sympathetically and harmoniously.

It would seem desirable that this relationship should continue and that the administration which I have the honor to lead, should be entrusted with the task of confounding the negotiations so happily begun, by means so much to the Province of British Columbia.

Both in policy and administration,

in the realm of finance, in the educational and social life of our people, in their physical and mental welfare, in the development of our natural resources, and, indeed, in every avenue of endeavor, we have tried to serve the best interests of the people of British Columbia, and, appreciating the problems still confronting the growing Province, we are appealing to the electors in the belief that it is the general desire that this Government should continue to administer the affairs of the Province.

J. D. MACLEAN.

SUICIDE IS JURY VERDICT

Coroner's Inquest Investigates Death of William Henry James

A verdict of suicide was brought in by the coroner's jury this morning investigating the death of William Henry James, 1005 Balmoral Road, who was found dead in a bath in his home at 5 o'clock yesterday morning. The inquest was held at Sands Funeral Parlors.

Albert Irish, 930 Mason Street, told of being summoned to the late Mr. James' residence at 4:50 o'clock Wednesday morning. By Mr. James' daughter, who came down to his house, screaming that her father was dead in the bath. In company with his brother Charles, Mr. Irish proceeded to the Balmoral Road house, finding Mr. James lying in the bath in a pool of blood, witness testified. He immediately summoned the police. Mr. Irish stated he had last seen Mr. James alive on Tuesday afternoon, and he had been in good health, but seemed to be worrying over the fact that he had been unable to obtain employment in Victoria since coming here last Christmas from Lake Cowichan.

Charles Irish corroborated the evidence of his brother. Duncan MacPherson, police constable, said he had proceeded to 1005 Balmoral Road early yesterday morning in response to a call from Albert Irish. Upon arriving there he found Mr. James lying face down in the bath. He was dead and underneath the man's body was found a large carving knife, the constable said. The dead man had two large cuts in his neck, one on each side of the windpipe, the officer told the jury.

First discovery of the fatality was made by Mr. James' wife. Awakening early in the morning she missed her husband, and upon attempting to gain entrance to the bathroom found the door locked. Awakening her two children, a small boy and girl, they broke into the room by smashing a panel in the door. The body of Mr. James was then found lying in the bath. Due to her poor state of health Mrs. James did not give evidence at the inquiry.

The inquest was held at Sands Funeral Parlors.

"I'm Proud of my Rinso Wash"

Mrs. F. M. Smith, 18 Catherine St., Port Arthur

"I use Rinso for the family wash and for the house cleaning, too. It's almost unbelievable how quickly Rinso soaks the dirt from the clothes and makes them snowy and new looking! And from the almost scrubbing at all! I'm proud of my Rinso wash. It can tell you! And it sure is a labor saver! I get through with my weekly cleaning in half the time now, and you ought to see how bright and spotless it makes the woodwork, floors and windows. It's wonderful for dishwashing, too!"

—Mrs. F. M. Smith, 18 Catherine Street, Port Arthur.

Yes! You can get whiter clothes in less time with less work

DOESN'T that sound welcome to you women who know what hard wash day work means? And Rinso does exactly what we say. Millions of women have proved it. They're using Rinso each wash day. And they are feeling better—feeling happier. Rinso saves them hours of hard work, yet they have the whitest clothes that ever gladdened a woman's eyes.

Rinso makes such rich, soapy suds that clothes are actually soaked clean. A little rub here and there perhaps, where the things are badly soiled—but that's all. No boiling—no other bar soap, chips or powder needed. Rinso does the work alone—and does it better—in hard or soft water. White clothes kept whiter. Coloured things kept brighter. Save your strength, your time, your clothes Use Rinso.

SEE RECORD BOX OFFICE

Hollywood, Calif.—The biggest box office attraction in the history of motion pictures.

That's what they claim for "Able's Irish Rose" on the Paramount lot. Don't mistake this statement for mere advertising. "Able's Irish Rose" is the best picture ever filmed. Far from it—but those who made it believe it will prove the most popular. And after all, that's what counts.

Critics may pick flaw after flaw in the film. They did in the play. And yet it ran for five and a half years in New York—a record never equaled. The film should do a correspondingly good business. It's not stupendous,

but it is remarkable. It's not unusual—but it is entertaining.

Jean Herscholt, the German actor, who plays the role of Able's father, has performed with the picture. His performance puts him in a class almost with the great Emil Jannings, his countryman.</

SUGGESTS POLICE HEADS BE CALLED

McGeer Urges Speeding Up of Inquiry in Vancouver; Evidence Heard To-day

Vancouver, June 7.—Suggesting that Inspector John Jackson be called for cross-examination and that Chief H. W. Long and Detective-Sergeant George McLaughlin should then take the stand, G. G. McGeer, K.C., counsel for Police Commissioner T. W. Fletcher, expressed a desire at this morning's session of the police inquiry to conclude the investigation as "expeditiously as possible consistent with a thorough inquiry."

A. H. Macneil, K.C., commission counsel, declared all the evidence probably would be in by next week.

FREQUENT VISITS
Sam Piastino was recalled to the stand again to-day and cross-examined by Inspector Charles Tuley of the dry squad. The witness stated that one place he operated at 75 Hastings Street East had been visited by dry squad of four forty times in a month.

"During the last four years," Piastino said in reply to a question by Tuley, "you have spent your time on Sam Piastino while the bootlegging fraternity was building castles in Shaughnessy Heights. You raised my place forty times in one month."

1924 CONVERSATION
The witness was examined by Alex. Henderson, K.C., counsel for Mayor "Boss" Seymour.

"Did the mayor ask you for a contribution to his campaign fund?" asked Mr. Henderson.

Piastino replied that the mayor had asked him for a contribution as he said "he was broke and did not have a dime."

BRIBERY ATTEMPTS
Vancouver, June 7.—Swearing he had attempted to bribe "everyone" from the judge down, Sam Piastino, recalled to the witness stand, provided the sensation at this morning's session of the Vancouver police inquiry.

Oscar Orr, appearing for City Prosecutor W. M. McKay, asked Piastino if it were true he was angry with Tuley because he had tried unsuccessfully to bribe him with a \$100 gift.

Mr. McGeer asked for protection of the court so that Piastino might speak freely.

MONEY REFUSED
Piastino then swore he had attempted to bribe "everyone" from the judge down. He had tried to make McKay a present of \$100, but it had been refused.

"And I told you that you were the most honest man I had ever met," said Piastino, addressing Mr. Orr.

"Don't pay me any compliments or my reputation will be ruined," Mr. Orr replied.

"Is it not true," Mr. Orr asked, "that Sutherland refused to give back your license and I got it for you after arguing the matter, because the case was being appealed?"

"Yes," replied Piastino, "and you said at the time that if you had been Judge Grant you would have given another decision, didn't you?"

The question was not answered by Mr. Orr.

OCEAN FLIGHT STARTS FAIL
(Continued from page 1)

been unsuccessful, but said this would have no effect on her determination to go through with the ocean flight. She said that if weather conditions should improve, another takeoff would be made this afternoon for Old Orchard.

LEVINE'S PLANE
The Columbia is a single-motored machine which last summer sprang into fame as a transatlantic plane, when Clarence D. Chamberlin flew it from New York to Germany with Charles A. Levine as the first transatlantic passenger.

It is Miss Boll's hope to beat across the Atlantic Miss Amelia Earhart, now at Trepanco, Nfld., with the monoplane Friendship, whose two pilots plan to fly it to England with Miss Earhart as the first transatlantic woman passenger.

SAW WAR SERVICE
"Curious" Field, 37, June 7.—Two aviators who served in the British Flying Corps during the World War are to pilot the monoplane Columbia, in which Miss Mabel Boll plans an ocean flight to Europe.

They are Oliver Leboutillier, a native of Montclair, N.J., and Arthur Argles, who was born in Omaha, Neb., and of late has been living in Toronto, Ontario.

Leboutillier took his first flying lessons at this time in 1913 and completed his course at the old Wright School in Paterson, N.J., in 1915. He joined the Royal Flying Corps, serving throughout the war until 1919 and acting as junior flight leader. His present home is at East Orange, N.J.

He was a member of the 20th British Pursuit Squadron and flew as the partner of A. Roy Brown. The two were together on that memorable day when the 20th shot down Baron von Richthofen, Germany's flying ace.

IN CONSPIRACY
Captain Argles was living in Toronto with his mother in 1916, when he joined the Royal Canadian Dragoons. A year later he was transferred to the British Flying Corps and became a member of the 20th Squadron. In 1918 he was wounded and spent the next year in a hospital. He was mustered out of the service as a captain in 1924 and has been engaged in commercial flying since.

M.P.'S CHARGES ARE WITHDRAWN
(Continued from page 1)

This man, Mr. Evans said, had signed a quit claim deed to the farm on which he was then living on the understanding the mortgage was taking over the whole debt to the Government. Six years later, when this man was going to obtain some city property, he found the lien had been registered against it, said Mr. Evans.

RETRACTION DEMANDED
Mr. Evans declared "this is one of the most sordid tales of bulldozing and bullying on the part of a Member of Parliament, using his official position as a Member of Parliament, to secure the payment of a sum of money from a returned man which he did not owe."

He was referring to Dr. Young in saying this, stated Mr. Evans.

DENIES CHARGE
"I demand the member for Rosetown retract that statement unconditionally," said Dr. Young in the House to-day. "The charge of bulldozing, bullying and bluffing is wholly and absolutely untrue."

Dr. Young said he had been requested to look into the case by a man in his constituency and had seen the individual who had obtained the seed money for relief. This man had admitted to him he owed the money, said Dr. Young. What was more, while Mr. Evans now asserted there was no money owing by this man, he understood the member for Rosetown had offered to pay the \$300.

ANOTHER LAKE HILL BUS BID
(Continued from page 1)

carrying on such operation invested the sum of \$44,000 and are giving a first-class transportation service at a minimum cost. We have also furnished an up-to-date depot in the heart of the business district of Victoria for the accommodation of patrons using our motor transportation service, and are the largest and most efficient operators in the motor transportation business on Vancouver Island, which business has been built on experience and service, and we can assure you that no other company can serve the district in a more efficient manner; and we make you the following offer:

FOR TEN YEARS
"To pay you the sum of \$15,000 for your equipment on the Lake Hill route and continue to operate such service upon schedule, provided we are given the sole and exclusive right for a period of ten (10) years, to operate motor buses within your municipality on Quadra Street, Saanich Road, East Saanich Road, between the City of Victoria and the northern boundary of the municipality, on schedule to be agreed upon."

tish Pursuit Squadron and flew as the partner of A. Roy Brown. The two were together on that memorable day when the 20th shot down Baron von Richthofen, Germany's flying ace.

OTTAWA'S ADMINISTRATION OF IMMIGRATION
(Continued from page 1)

TRIBUTE FROM CAHAN
Mr. Cahan paid tribute to the far-sighted manner in which Mr. Kay had presided as chairman of the parliamentary immigration inquiry.

Mr. Cahan said allegations had been made that members of Parliament had trafficked in letters of admission, known as special immigration permits.

Mr. Cahan declared that after examining witnesses and listening to examination of others, both of the department and outside of it, he had concluded that whatever might be lacking in the efficiency of the department, there could be no reflection on the honesty of the officials administering it. Suggestions that members of Parliament had trafficked in immigration permits were without foundation.

Perhaps the rumors had arisen from the fact that some immigrants were obliged to make deposits with the department as security that during the first five years of residence they would not be come public charges.

INTEGRITY KNOWN
Mr. Cahan thought, however, that the department lacked efficiency and the necessary executive ability. The Minister in charge was a man of personal honor and integrity, but Mr. Cahan believed "it would be advisable to have someone in charge with a wider business experience and executive ability than the present Minister was."

He then read his amendment to the committee's report.

The amendment recommended that a department of immigration, colonization and physical development be organized and placed under the administration of a responsible Minister.

This department, he said, should consist of two branches, each under the direction of a superintendent, of "intellectual strength and considerable business experience."

CO-OPERATION DESIRED
The duty of the immigration and colonization branch of the department proposed, said the amendment, should be to procure co-operation of Provincial Governments with the work of the department; to co-ordinate the work of all organizations, associations and agencies engaged in promoting immigration under the department's direction and control for more efficient carrying out of the undertakings which all had in common; to insure in so far as practicable that a majority of the settlers would be of the physical and mental type adapted to the condition of life and likely to be assimilated by Canada's existing population.

FINANCIAL PLANS
The amendment proposed "adequate financial provision for settlement upon vacant lands throughout Canada, which are suitable for agriculture of families appearing to be adapted for agricultural work and provision of facilities for settlement in more recently organized provinces or sections of the West, as well as in older provinces of Canada, who, as were thousands of earlier settlers in the West, are intent upon leaving their homes in the East in search of wider opportunities for self-improvement in the new agricultural and mining districts, now from time to time being opened for settlement."

TRADE LEADERS MEET AT QUEBEC
(Continued from page 1)

Further implementation of the Duncan report and the question of diversification from the Great Lakes of water, by Chicago, has been very much advanced since the Vancouver convention by the relative action and legislation of the Government.

B.C. AMONG LEADERS
Included in the secretary's report was a list of members of the Canadian Chamber. Ontario leads with forty, while British Columbia is next with thirty-eight. Alberta has twenty-four, Saskatchewan nineteen, Nova Scotia fourteen, Quebec nineteen, New Brunswick eight, Manitoba seven and Prince Edward Island five.

Other work accomplished by the Chamber during the eight-month period included the following items:

An increase of thirty-five per cent in active membership during the year.

A number of the associated boards and chambers to 187.

The final organization of national committees on immigration, inter-provincial trade and foreign trade and the appointment of an advisory council, each of which is made up of outstanding Canadians from different phases of Canada's economic life.

The assistance given to the advancement of the Empire Shopping Week in 120 cities and towns of Canada and the forwarding of Canada's domestic and foreign commerce. The practical assistance rendered local boards and chambers and the increasing support coming from a larger number of business and professional men throughout the various economic divisions of the Dominion's natural structure.

REVISION OF CHURCH RULES IS DISCUSSED

(Continued from page 1)

In its report on revision of rules and form of procedure, the special committee directed to study this department stated the draft of the proposed revisions embodied only the existing law of the church together with such interpretations of that law as had acquired definite authority in the courts of the church.

FOR CONVENIENCE
In preparing its draft the committee has sought in the first place to increase the convenience of the book by a more systematic grouping of subjects. By such re-arrangement it had also endeavored to exhibit more clearly the policy of the church in the orderly relation of its various parts. In addition it had striven to make clear the historical character and development of the law.

Before the revised book of rules could be completed, the standing orders of the assembly and the by-laws of the different boards of the church must be consolidated, said the report.

On the recommendation of Rev. Dr. T. W. Taylor, convenor of the committee, which prepared the draft of the revised book, a sub-committee was named further to review and study the recommendation before the book should be submitted to the General Assembly for final action.

"While the committee which prepared this draft revision does not claim its work is perfect, it cannot accept for insertion in the draft suggested amendments of the law itself," Dr. Taylor said. "Such should be sought by Presbyterians desiring them, by way of overture to the Assembly."

KNOWLEDGE ADHERENTS
One of the cardinal acts of the committee was the draft of an act regarding enrolled adherents, to meet the overture of the presbytery of Lindsay, Ontario. This act provides that it shall be the duty of all baptized members, upon reaching years of discretion, to make public profession of faith in Christ and to be continually active in the church.

It also provides:

1. That the extension of the franchise to adherents shall rest upon a wider and more Scriptural foundation than contributions of money alone.

2. That there shall be no danger of introducing into any congregation of the churches, a double standard of conduct.

3. That there shall be no greater uncertainty in the case of adherents than in that of communicants, as to the individuals possessing the right of voting.

JULY 18 IS FIXED FOR B.C. POLL
(Continued from page 1)

launch their election campaign. Hon. W. H. Sutherland, Minister of Public Works, will be left alone as Acting Premier to administer affairs at the Capital while his colleagues are campaigning.

Premier Maclean is going to Abbotsford with Hon. E. D. Barrow, Minister of Agriculture, to speak to-night. In this address he will fire the first guns of the campaign. Returning immediately to Vancouver, the Premier will start for the North Friday, stopping long enough at Anyox to make a speech in support of H. Kerwin, Liberal candidate in Atlin, and then returning to Prince Rupert. There he will meet Hon. T. D. Pattullo, Minister of Lands, and speak with him in his constituency.

From Prince Rupert the Government leader will go inland, speaking several times a day. After reaching Prince George he will return through the Cariboo, perhaps pausing to speak in that riding before he comes to the Coast about June 20.

PLANS MANY SPEECHES
His plans from then on have not been definitely decided. He will probably speak in Victoria and Vancouver and then plunge into the thick of the campaign in the southern interior, leaving enough time to return to the Coast for the final stages of the fight. He will speak in every riding between now and July 18.

Attorney-General Manson will open the campaign in Victoria to-night with a speech under the Liberal banner, and will leave for the southern interior on Sunday. After speaking in the Similkameen and two Okanagan ridings, he will motor north to the constituency of Okanagan to commence an intensive campaign there.

Meanwhile Mr. Barrow will remain in the Fraser Valley while Hon. Dugald Donaghy, Minister of Finance, and Hon. Ian MacKenzie, Provincial Secretary, will carry the chief load of the campaign in Greater Vancouver and contiguous ridings. In this way the entire Province will be covered systematically before the day of polling.

TOLMIE COMING
Hon. S. F. Tolmie, Conservative Party leader, will arrive in Vancouver from Ottawa on Sunday, and will start his campaign immediately, according to word received by R. H. Pooley, Conservative House leader, this morning. An itinerary which will carry Dr. Tolmie into all parts of the Province has been prepared for his approval and will be announced after his arrival. Mr. Pooley said.

TRADE LEADERS MEET AT QUEBEC
(Continued from page 1)

Further implementation of the Duncan report and the question of diversification from the Great Lakes of water, by Chicago, has been very much advanced since the Vancouver convention by the relative action and legislation of the Government.

B.C. AMONG LEADERS
Included in the secretary's report was a list of members of the Canadian Chamber. Ontario leads with forty, while British Columbia is next with thirty-eight. Alberta has twenty-four, Saskatchewan nineteen, Nova Scotia fourteen, Quebec nineteen, New Brunswick eight, Manitoba seven and Prince Edward Island five.

Other work accomplished by the Chamber during the eight-month period included the following items:

An increase of thirty-five per cent in active membership during the year.

A number of the associated boards and chambers to 187.

The final organization of national committees on immigration, inter-provincial trade and foreign trade and the appointment of an advisory council, each of which is made up of outstanding Canadians from different phases of Canada's economic life.

A GENERAL ELECTION

THE DECISION OF THE MACLEAN
Government to hold a general election next month was generally expected, the only uncertain point being the day of voting. Although dissolution of the Legislature has only now been authorized, the two main parties have been engaging in preliminary campaigns for some time, a considerable part of the Province already having been covered by their leaders. It was a foregone conclusion when Mr. Donaghy and Mr. Ian MacKenzie of Vancouver were sworn in as members of the ministry on Tuesday evening that the announcement of dissolution and the date of the election would follow in a very short time.

Mr. Dugald Donaghy, the new Minister of Finance, is so highly regarded for his ability, integrity and outstanding personal qualities in Vancouver that The Daily Province showed unusual enthusiasm over his appointment. Mr. Donaghy up to recently was associated with Dominion politics, having been member for North Vancouver in the House of Commons at Ottawa, where he won marked distinction and held the esteem of the entire membership, regardless of political divisions. He will be a valued acquisition to the Government and should prove an important factor in promoting the welfare of the Province.

Mr. Ian MacKenzie, who has been sworn in as Provincial Secretary, has been in public life for eight years, having been elected to the Legislature in 1920. He is the youngest member of the Cabinet, being two years under forty and is a capable speaker both in the House and on the platform. He will contest North Vancouver. These are the only additions which have been made to the Cabinet so far, although it is very probable that an appointment will be made after the election to the portfolio of Mines which is now being administered by Hon. W. H. Sutherland.

While the Liberal party has supplied the government of British Columbia since the Fall of 1916, Hon. J. D. MacLean has held the premiership only ten months. In that time, however, he has created a very favorable impression throughout the Province by the ability, industry and conscientiousness with which he has discharged his duties, and the frankness and evident sincerity with which he has explained his policies to the public. Whether here or elsewhere throughout the Province, or at Ottawa fighting for the best interests of British Columbia, he has not spared himself for a moment. Nor has he wasted any time in maligning his political opponents and manifesting other evidences of bigoted partisanship. His attitude and policy have been fair and constructive throughout.

Hon. S. F. Tolmie, leader of the opposition, has been handicapped by the condition which has involved his presence at Ottawa since his appointment to the leadership over two years ago. This kept him out of intimate touch with provincial affairs, which, of course, are entirely different from Dominion affairs. He has had to entrust the leadership of his party to Mr. Pooley as far as its representation in the Legislature is concerned, and that in itself was a disadvantage. The attitude of Mr. Bowser, former Conservative leader and a strong political fighter, whose numerous friends desire him to return to public life, is yet unknown.

A considerable number of candidates have been nominated on both sides, but conventions have yet to be held in Victoria and Vancouver. These no doubt will be announced shortly, after which the big guns will be placed in position and will begin the salvos which will continue until July 18. There is no question that Hon. J. D. MacLean will receive from the electors an impressive proof of their confidence in him and a further opportunity to pursue successful policies in the best interests of the Province. He should be given his chance.

THE GOVERNMENT'S MANIFESTO

IN ANOTHER PART OF THE TIMES
will be found a comprehensive statement which Premier MacLean desires the people of this Province to study. It is a dignified and instructive pronouncement, and covers the whole period during which the affairs of British Columbia have been conducted by a Liberal Administration. It should prove of interest to all our citizens, irrespective of political affiliation, for it is a record of nearly twelve years of progress from which all our people have derived substantial benefit.

It is natural that the Prime Minister should devote a good deal of his manifesto to a discussion of the financial position of the Province, what it was when the Liberal Government took office in the latter part of 1916, and what it is at the present time. He points out at the beginning that in the estimates of revenue and expenditure which were prepared by

the Administration that went out of office in 1916 the estimated amount of annual revenue was little more than one-half of the proposed expenditure, an extraordinary method of financing which also was emphasized by a policy which had sanctioned the guaranteeing of enormous amounts in railway bonds. Provincial credit was shattered as a result. Our bonds earned the title of deficit bonds—an unenviable reputation to live down.

The public is familiar with the steps which the first Liberal Government took to restore British Columbia's credit. Before it had been in office long it was found necessary to obtain financial accommodation; but our credit had fallen so low that the money market asked seven and one-half per cent. interest—a rate which it could not afford to pay. Other arrangements were made for the time being and plans for complete financial reorganization were inaugurated. It is not necessary to relate how the credit structure was re-erected on a sounder foundation. The principal fact to be borne in mind by the electors at this stage of British Columbia's progress is that when the MacLean Government floated its last loan it got its money at the highly satisfactory rate of 4.40 per cent.—and the bidding was the most spirited ever experienced by the Department of Finance. Nor is this all. For the last two or three years, so interested has the financial world become in British Columbia that many of the leading financial institutions, apart from paying frequent and generous tributes to the manner in which the Administration has conducted the public's business, have asked for advance information in respect of flotation in order that they might stand a better chance of getting their share of our securities. The fair-minded elector will admit that no better evidence of the soundness of our credit could be desired than this.

It is this sound financial condition, of course, which has enabled Premier MacLean to promise still further cuts in provincial taxation if his Government shall be returned to office. That it will be successful at the polls there is no doubt; the taxpayer may be relied upon to safeguard his own interests in that manner.

It is not possible to deal with the many evidences of provincial progress to which Dr. MacLean's manifesto refers in the space at our disposal. No review here, however, would be complete without brief reference to the beneficial social legislation which the Government has placed on the statute books since it took office in 1916. Every one of these measures—and they are now well-known to the public—has been designed to improve the lot of the plain people. Rounding out this programme of achievement under this heading is the Old Age Pensions Act—a provision which already has brought comfort to more than 2,700 old people. In respect of education and public health, moreover, the present Administration has served the people of British Columbia in the most liberal manner.

One of the outstanding achievements of the Government is its successful completion of negotiations for the return to the Province of the railway lands and that portion of the Peace River block which is situated in British Columbia. Under this arrangement we acquire something like 22,000,000 acres. In regard to the Pacific Great Eastern Railway, the Premier refers to the negotiations which he has carried on with the Dominion Government for the purchase of the line by the Canadian National Railways. In this respect light was shed on the future of the system by a statement which Hon. C. A. Dunning made in the House of Commons yesterday. He declared that "negotiations were proceeding satisfactorily." The matter rests, therefore, in that promising position.

Although the Prime Minister made no specific reference to the matter in his manifesto, the public already has been informed that his Government has completed arrangements with the Federal authorities for the development of national parks in British Columbia. Of particular interest to this community is the plan to create a great ocean park on the West Coast of Vancouver Island—in conjunction with the West Coast Road.

As we have said, the document which Premier MacLean commends to the attention of the general public of British Columbia is a very comprehensive and informative one. It is a chapter of remarkable progress of which this Province should be thoroughly proud. And we may mention, incidentally, that Attorney-General Manson will deal with the ten-year period of the Government's administration in the Sons of Canada Hall this evening when, by the aid of interesting slides, an opportunity will be afforded the people of Victoria to study it with a minimum of effort. It is a story which should arouse the enthusiasm of everybody.

WHAT OTHER PAPERS SAY

FORECASTING ATLANTIC WEATHER
From The Springfield Republican

What can be done in this way has been shown on a smaller scale by the United States Weather Bureau in the organization of hurricane reports from the Caribbean. . . . To secure data from all parts of the Atlantic would be a bigger job, but it is all the widely scattered ships on it can be enlisted for the dispatch of reports by wireless, hourly or even once in six hours, the knowledge of the forecaster will be immensely increased. At present the trouble is that after leaving the American coast a storm is apt to get lost. The experts know about how fast it is traveling but they have no check on the course it is taking; even a few timely reports would make a great difference. The organization of such a service should not be postponed until it is actually needed; the weather of an area of which so little is known may require much experimentation and study.

BRIDGE MADE EASY

by
W. W. Wentworth

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10).

AVERAGE PROBABILITIES
Quick tricks may be described as positive or reasonably sure tricks. A quick trick is one that may be fairly counted on to win a trick on the first or second round, and, possibly, on the third round. An Ace is a quick trick. King-Queen in combination is a quick trick.

The basis of all sound bidding is a knowledge of quick trick values. Without a knowledge of these values, bidding becomes guesswork. With a knowledge of them, your bidding becomes orderly and dependable. How quick tricks are described and valued is shown in this table:

A	1
K	1
Q	1
J	1
X	1
A	1
K	1
Q	1
J	1
X	1
A	1
K	1
Q	1
J	1
X	1
A	1
K	1
Q	1
J	1
X	1

The foregoing table should be memorized before any effort is made to make any further progress or advancement.

To know the quick trick value of your hand is the first essential of all sound bidding. Bridge is a game of information; you cannot give proper information unless you know the value of your hand. The value of the hand is determined by its quick values, and you cannot make a sound bid unless you know its quick trick value.

The necessity and importance of knowing the quick trick value cannot be stressed too strongly. All bidding is based upon it.

The WEATHER
Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, June 7, 5 a.m.—The barometer is rising over Northern B.C. and fine, warmer weather is likely to be experienced for several days. Rain is reported in all parts of the prairies.

Reports
Victoria—Barometer, 30.07; temperature, maximum yesterday, 60; minimum, 48; wind, 12 miles S.W.; rain, trace; weather, fair.

Vancouver—Barometer, 30.04; temperature, maximum yesterday, 64; minimum, 46; wind, 4 miles E.; weather, fair.

Kamloops—Barometer, 29.84; temperature, maximum yesterday, 58; minimum, 40; wind, 8 miles S.W.; rain, .20; weather, raining.

Barkerville—Barometer, 29.98; temperature, maximum yesterday, 55; minimum, 35; wind, 2 miles E.; weather, fair.

Prince Rupert—Barometer, 30.16; temperature, maximum yesterday, 53; minimum, 40; wind, 4 miles E.; weather, foggy.

Wheat Leaders At Regina Debate Trade in Empire

Regina, June 7.—Co-operative trade relations within the Empire were the chief note sounded at the sessions of the World Wheat Pool Conference here yesterday. Strictly merchandizing discussion in many instances took second place, while visiting British delegates

JOTS FROM GEOGRAPHY

COLUMB OF JULY, Paris, was erected to commemorate the taking of the Bastille by the Parisian mobs in July, 1789. It is surmounted by a statue of Liberty, holding out the torch of progress and the broken chains of slavery.

FOR SUMMER USE

We Recommend Our
Sootless Coal

It is low in ash and positively free from soot.

KIRK COAL CO.

and the three Prairie-provincial premiers injected a purely Empire tinge into the picture.

Last night the Saskatchewan Government was host to the delegates.

A feature of yesterday's sessions was the remarks of the English and Scottish Wholesale Co-operative Society representatives. They wanted to know, as the deciding question, "Do you farmers, with your vast resources, propose to destroy our co-operative activities in the United Kingdom by putting the prices of your products beyond the reach of the farmers in Canada."

Each answered this question in the negative. They said they had confidence that the co-operative movement in the United Kingdom and Canada was working in harmony, and that the interests of co-operative activities among industrial workers of Great Britain were identical with those of the farmers in Canada.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the preservation or return of the writers of communications submitted to the Editor.

MOTOR REGULATIONS

To the Editor.—Recently the City Council passed an ordinance relative to traffic regulations for the purpose of the guidance of motorists. I would like to quote the sub-section:

"No person in charge, control or in possession of any vehicle shall drive or propel such vehicle across any street within the area bounded on the south by Humboldt and McClure Streets, on the east by Cook Street, on the north by Penrose Street and in the west by Victoria harbor, except at the junction of intercommunicating streets."

Motorists should also remember that to reverse direction in any street, except at the junction of intercommunicating streets, is contrary to the regulations.

The signs for the arterial highway are about completed and the police department will install these in the very near future. With your kind permission I would like to refer to this important regulation at a later date.

WALTER E. STANLAND,
Police Commissioner.

Victoria, June 7, 1923.

Canada Supports Anti-war Treaty

Ottawa, June 7.—There is no conflict of opinion between the Prime Minister of Canada and Sir Austen Chamberlain, British Foreign Secretary, with regard to the proposed Kellogg treaty for the outlawing of war. This was made clear by Premier King in the House yesterday when he replied to a question asked by E. J. Garland, U.P.A., Bow River.

Mr. Garland asked if the House would have an opportunity to discuss the proposed treaty before ratification. Premier King said that he, speaking for the Government, had intimated Canada was prepared to sign the treaty, having regard to the conditions existing.

Sir Austen Chamberlain had expressed the policy of the British Government with regard to ratification.

Premier King referred Mr. Garland to his communications to Mr. Kellogg, where he had said that the treaty would be submitted to Parliament.

UNEMPLOYMENT INSURANCE

Ottawa, June 7.—A motion to adopt a report of the industrial relations committee respecting unemployment insurance was carried after a brief discussion in the House yesterday. Premier King said he could not see that the concurrence of Parliament in the principle carried out by the House was in any way an obligation to implement such legislation at present.

AIR RACE PLANNED

Portland, Ore., June 7.—An air race from Portland, Me., to Portland, Ore., in August for a purse of \$25,000, is proposed by the directors of the Aero Club of Portland. A. D. Cox, one of the directors, said the club would seek to raise half the prize money here and half in the eastern city.

ANTICOSTI WHARF

Ottawa, June 7.—The Government agreed in the House yesterday to re-tire the debt of \$300,000 for a wharf at Ellis Bay, Anticosti Island, by \$100,000. Hon. J. C. Elliott, Minister of Public Works, said the vote would be made conditional upon the wharf being placed at the disposal of the public. Anticosti is owned by a company, which is carrying on timbering operations.

CALEDONIA TO HAVE BISHOP

Northern Diocese Raises Necessary Sum For New Man

After a three-year vacancy in the bishopric of Caledonia, owing to the lack of a diocesan stipend, the post will be filled again. Since the late bishop's death the Church Missionary Society of England ceased to pay this stipend, and \$80,000 was needed to re-establish the position.

By dint of careful saving, the clergy and friends of the diocese raised \$12,000 of the sum, \$20,000 was added from other Canadian sources and Archbishop de Pencil collected \$5,000 from various English missionary societies. The rest of the required amount was derived from the property in the diocese.

Any deficit in the expenses for the next three years will be made up by the Canadian Church Missionary Society.

It was suggested at the General Synod at Kingston last Fall that the House of Bishops of British Columbia should allow Caledonia to proceed with the election of a Bishop.

Britannia Branch Hosts to Crew Of H.M.S. Durban

More than two hundred and fifty members of the crew of H.M.S. Durban, now stationed at Esquimalt Harbor, attended the smoking concert held last evening by the Britannia Branch of the Canadian Legion at their clubrooms, Johnson and Broad Streets.

Commander P. W. Nelles, senior naval officer at Esquimalt and Capt. G. L. Coleridge, R.N., commander of the Durban, were in attendance at the event. The orchestra of the Esquimalt branch orchestra rendered selections supplied by members of the Durban's crew and by members of the Britannia branch.

Leaders Are Chosen By Baptist Churches

Vancouver, June 7.—Officers for the ensuing year were elected as follows at the concluding session yesterday of the annual convention of Baptist Churches of British Columbia held here: President, Rev. Dr. George Telford, Vancouver; first vice-president, Rev. W. P. Dufour, Chilliwack; second vice-president, Mrs. C. Spofford, Victoria; secretary, A. W. Ward, Vancouver; treasurer, Eric Davies, Vancouver.

A Sunday school session was held in the afternoon. In the evening, following a service of song, an address was delivered by Dr. W. T. Milliken, Oregon.

The officers elected for the ensuing year were then introduced by the retiring president, Mrs. E. F. Miller, Vancouver.

CLUB AND NEWS

LO.E. CABARET IS SUCCESSFUL

Over 300 at Commodore Broughton Chapter's Dance at Empress Hotel

Over three hundred guests attended the very delightful cabaret and supper dance sponsored by the Commodore Broughton Chapter, L.O.E. at the Empress Hotel last night. Mrs. D. B. McConnan, the regent, acted as general convener, assisted by Mrs. Rowland Kingham, the Misses Elsie Michaelis, Carol Tolmie, Laura Blake and Helen Starr and under their direction the wall lights had been shaded with orange, yellow and green streamers, while each of the tables had its vase of campanula, valerian and columbines.

The Crystal Garden orchestra provided the music for the dancing, which was interspersed by a series of clever turns. The popular number "Rain" was sung as a solo by Miss Betty Savannah, with a chorus in dainty black and white pierrot costumes including the Misses Faith Monk, Justa McKenna, Beatrice McMillan, Grace Humber, Marjorie Raymond and Jean Moody. "You Danse, Marquise" was sung by Miss Helen Starr to the accompaniment of a minutes danced in costume by the Misses Norma Pendray, Dorothy Warren, Victoria Gardiner, and Doreen Drummond-Ray. Miss Eleanor Robertson as soloist, and the Misses Jean Moody, Faith Monk, Betty Savannah, Marjorie Raymond, Grace Humber and Justa McKenna, in Spanish costume, danced a graceful tumbourine dance.

In "Diane" Mrs. McConnan carried the solo part, in becoming black and white picture frock with powdered hair, while a chorus in black and white pierrot costumes with white wigs danced very gracefully. The chorus included Mrs. Roland Kingham and the Misses Doris Pimbley, Gladys Matthews, Louise Pollard, Dorothy Scott, Helen Starr, Jean MacLachlan and Norma Pendray.

Miss Irene Bick, dressed as a Sicilian peasant, contributed violin selections, rounding out a most attractive programme and one which was warmly applauded by the many guests.

Among the many guests were Dr. and Mrs. Alan Fraser, Mr. and Mrs. Ainslie Helmecken, Dr. and Mrs. B. O. Richards, Col. and Mrs. D. B. Martyn, Col. and Mrs. W. N. Wilby, Mr. and Mrs. Brooke Stephenson, Mr. and Mrs. J. Hunter, Mr. and Mrs. B. Horton, Mr. and Mrs. T. L. Swan, Dr. M. J. Keys, Dr. George Hall, Mr. and Mrs. Clarence Howard, Mr. and Mrs. G. Halet, Mr. and Mrs. H. E. Boorman, Mr. and Mrs. C. H. O'Halloran, Miss Agnew, Mr. and Mrs. M. P. Blair, Mr. and Mrs. W. L. M. Inkosh, Miss E. Michaelis, Mrs. Day (Seattle), Lady Cameron, Mr. and Mrs. T. H. Burns, Mr. and Mrs. R. Castle, Mr. and Mrs. J. H. Macdonald, Miss Y. Johnston, Mr. and Mrs. W. Merston, Mr. and Mrs. H. Wilson, Mr. and Mrs. F. E. Winslow, Mr. and Mrs. L. C. Boyd, Miss G. Irving, Mr. and Mrs. R. Heiter, Mr. and Mrs. O. G. Major, Major McCallum, Miss H. Langton (Vancouver), Mr. P. Langton, Mr. S. Burns, Miss Burns, Mrs. Brown, Mr. and Mrs. J. H. Gillespie, Mrs. Murphy, Mr. and Mrs. G. J. Johnston, Miss Rosemary Johnston, Miss Daphne Gillespie, Mr. D. Wilson, Miss P. Barton, Miss Margaret Scott, Mr. and Mrs. J. J. Todd, Colonel Young (India), Mr. Bartholomew, Mr. E. U. Reid, Miss Mona Miller, Miss Snowball (New Brunswick), Mr. and Mrs. Roland Kingham, Mr. C. H. Carpenter, Mrs. F. Pollard, Miss L. Pollard, Mrs. Wallace Watson, Mr. and Mrs. C. Wilson, Mr. and Mrs. A. Genge, Mr. and Mrs. D. B. McConnan, Mr. and Mrs. G. Christy, Mr. W. Pooley, Capt. Bird, Mr. J. G. Dixon and many others.

MISS GRACE-MARIE CURRAN — Photo by Knight.

youngest daughter of Mr. Frederick J. Curran, of Fanny Bay, V.I., and a popular graduate of the 1925 Class of the Provincial Royal Jubilee Hospital, who is to be married to Mr. Gordon McLaren Campbell, youngest son of Rev. John Campbell, D.D. and Mrs. Campbell, next month.

SOCIETY

Miss Hilda Langton has arrived at the Glenisheil Hotel from Vancouver.

Mrs. T. H. R. Shaw and family of Victoria have been holidaying at Jasper Park Lodge.

Mr. Sonny Bowker, Beach Drive, left to-day for Stewart, B.C., where he will spend the Summer months.

Mrs. P. W. Nelles was hostess at a luncheon party yesterday at her home on Admirals Road.

Mrs. W. A. Carlyle entertained yesterday afternoon at the tea hour at her home on Rockland Avenue.

Mrs. J. A. McMillan and her two children, Loreen and Ian, of Seattle, are visiting her parents, Mr. and Mrs. J. D. McNiven, 1358 Carnarvon Street.

Miss de Trafford of Malvern, England, has arrived in the city and will spend the Summer with her brother-in-law and her sister, Mr. and Mrs. E. Vernon Thomson.

Mrs. John Ferguson and baby daughter of Tacoma have been spending the last week in Victoria as the guests of Mrs. Ferguson's mother, Mrs. J. T. Elliott, Esquimalt.

Hon. E. Burke-Roché and Mrs. Burke-Roché have returned to their home on Pemberton Road after spending the last two weeks in Vancouver as the guests of Mrs. J. M. Lefevre, Point Grey.

The Ladies' Guild of St. Andrew's Presbyterian Church will hold a silver tea at the home of Mrs. John Cochrane, Linden Avenue, on Tuesday, June 12, from 3 to 6 o'clock. An attractive musical programme has been arranged.

Guests registered at the Cadboro Beach Hotel recently are: Mr. H. Wakeford Cox, Shanghai, China; Mrs. C. L. Clark, Edmonton; Mrs. J. Somerville, Vancouver; Mr. and Mrs. J. W. Carle and child, Shanghai; Miss Betty Whalley, Vancouver; Miss Whitmore and Baby Joan Nicols, Vancouver.

Mr. and Mrs. F. W. Bowcott, Sidney, announce the engagement of their only daughter, Gladys May, to Mr. Alan Stuart Thomson, youngest son of William and Mary Thomson, Bristol, England. The wedding will take place at 8 p.m., June 30, at St. Paul's United Church, Sidney.

Mrs. W. A. Avery and Miss Dorothy Avery of Seattle have come over to Victoria to attend the Bucklin-Bessing-thwaite wedding that will take place this evening and are the guests of Mr. and Mrs. George A. Bucklin, "The Oaks," Oak Bay Avenue. Mr. and Mrs. Bucklin have also as their guest their niece, Mrs. Horace Wood of Vancouver.

The Sketch Club of the Island Arts and Crafts met on Tuesday afternoon at Colquhoun River where some good sketches were done. For the benefit of those whose sketches were not completed, the meeting on Tuesday next will be held at the same place, members assembling at the corner of Yates and Broad Street, in order to take the Wilkerson Road bus at 1:45.

A miscellaneous shower was held at the home of Miss Marjorie Tebo in honor of Miss Vera Bevan, whose marriage will take place shortly. The gifts were wheeled in by little Miss McLean in a box prettily decorated in the color scheme of pink and white. The guests were Mrs. Bevan, Mrs. Tebo, Mrs. Neil McLean, Mrs. D. Burnett, Mrs. Siddall, Mrs. Boulter, Mrs. Brender and the Misses Henderson, Vane, and Nina Bevan, Elva McLean, Marjorie Burnett, Marjorie Siddall, Muriel Waind, Eva Ambler, Laura and Marjorie Tebo.

Canadian Daughters' League.—The president, Mrs. George Gardiner, presided at a well-attended meeting of Assembly No. 5 Canadian Daughters' League, held in the Native Sons' Hall last evening. New by-laws and rules of the league were read and adopted. The principal feature of the evening was the report of the Grand Council sessions held in Vancouver last week. This report was given by the president, Mrs. Gardiner, who was the official delegate from Assembly No. 5, and was an excellent one. Mrs. Gardiner was tendered a hearty vote of thanks. It was decided that the next meeting would take the form of a beach party to be held at Long Beach, Esquimalt, on Tuesday, June 19. Members are requested to meet at the home of Mrs. S. A. Pomeroy, 450 Admirals Road, at 2:30 o'clock on that date.

Pretty Wedding At First Church

A pretty wedding was solemnized at First United Church on Tuesday evening at 8:30 when Margaret Fleming, daughter of Mr. and Mrs. R. A. side of 1131 Leonard Street, became the bride of Mr. Roy Moir of Queen's Avenue. The bride, who was given in marriage by her father, wore a gown of white, and a white and blue georgette and picture hat, and Miss Moir in pink tulle and ecru lace and picture hat. They both carried bouquets of sweet peas and maidenhair fern. Mr. Robert Shanks supported the groom, and the ushers were Mr. Ernest Robinson and Mr. Reginald Williams. During the signing of the register, Miss J. Duncan sang "All Joy Be Thine." The church was beautifully decorated for the occasion.

After the ceremony a reception was held at the home of the bride, where Mrs. Raeside and Mrs. Moir, assisted the young couple in receiving the guests.

Among the beautiful and useful presents were a handsome mantel clock, presented by the C.N.R. staff and a silver tea service, by the operating staff of the B.C. Telephone Company.

The bride's traveling dress was a fawn Canton crepe, coat of fawn broadcloth trimmed with moleskin and rose French flannel hat. The happy couple left for a honeymoon in Los Angeles.

Canadian Daughters' League.—The president, Mrs. George Gardiner, presided at a well-attended meeting of Assembly No. 5 Canadian Daughters' League, held in the Native Sons' Hall last evening. New by-laws and rules of the league were read and adopted. The principal feature of the evening was the report of the Grand Council sessions held in Vancouver last week. This report was given by the president, Mrs. Gardiner, who was the official delegate from Assembly No. 5, and was an excellent one. Mrs. Gardiner was tendered a hearty vote of thanks. It was decided that the next meeting would take the form of a beach party to be held at Long Beach, Esquimalt, on Tuesday, June 19. Members are requested to meet at the home of Mrs. S. A. Pomeroy, 450 Admirals Road, at 2:30 o'clock on that date.

ASK EACH PARTY TO HAVE WOMAN AS CANDIDATE

Vancouver, June 7.—Asking the leaders of the Conservative, Liberal and Labor parties that when making up their nominations list for the forthcoming election at least one woman be included on each party list, was the text of a resolution drafted at a meeting of the League of Women Voters, held at the home of Mrs. J. J. Barfield, Bute Street, with the president, Mrs. R. C. Boyle, in the chair.

This resolution will be sent to the political leaders, the members feeling that some expression should be given to the general desire among women for a feminine representative of the party in power, and with all other parties.

ALEXANDRA ROSE DAY NEXT WEEK

L.O.E. to Make Annual Appeal For Child Welfare Work June 16

Saturday, June 16, is the day chosen this year to hold Alexandra Rose Day in Victoria.

It is the only day in the year on which the Imperial Order, Daughters of the Empire appeal to the public to assist them in the maternity and child welfare work among the wives and children of the ex-service men in this community. All the money given by the public that day goes entirely to help these less fortunate, in the way of giving layettes for babies in families whose circumstances are not as good as might be; to giving milk to little children not so strong as their brothers and sisters, and helping them to become strong and good citizens.

It is hoped that the public will this year, as in the past, give the Imperial Order, Daughters of the Empire, generous support in this appeal.

Alexandra Rose Day this year will be convened by Gornalies Chapter, L.O.E., under the leadership of Mrs. W. C. Nichol, the regent, who has called a meeting for 10 o'clock on Saturday, June 9, at the headquarters, 401 Bank Building, and would very much appreciate the presence on that occasion of as many regents as possible to discuss the final arrangements for June 16.

land Avenue, when their guests included the Misses K. Ross, Phyllis Allen, Elizabeth Innes, Janet Lang, Doris Gibson, Marjorie Oates, Vivian Lamb, Yoder Pemberton, Pili Linton, and Messrs. Tim Martin, Larry Henderson, Mitchell Lamb, Kelly Heming, Kurt Frelsworth, Howard Harman, Dan Radford, Jack Scott, Tom Golly, Dennis Haggar and Bony Beaumont.

Mrs. J. R. Angus, Earle Street, entertained at a unique glass and kitchen-ware shower yesterday in honor of Miss Grace Marie Curran, a bride-elect. The rooms were artistically decorated with yellow irises and palms, and the table was centred with irises, pink tulle and yellow tapers. The feature of the afternoon was "treasure hunt" which led to the "Heart of a Golden Rose," where the numerous gifts were concealed. Mrs. F. Thompson poured tea. Those invited included: Mrs. Allen, Mrs. W. Boak, Mrs. Roland Christy, Mrs. F. Thompson, Mrs. H. Peters, Mrs. Brooks, Stephenson, Mrs. Wallace Courtney, Mrs. Norman Walker, Mrs. Frank Stevens, Mrs. J. A. Walker, Mrs. J. Dick, Mrs. J. D. McBeath, Miss M. Carle, Miss Doris Gibson, Miss S. Getty, Miss N. Legge-Willis, Miss Edith Loosley, Miss Jean McLaren, Miss Dorothy Winder, Miss Margaret Scott, Miss K. Wright and Miss Patterson.

Mrs. M. A. Macdonald entertained at a luncheon party to-day at her home on Fairfield Road, in honor of her sister-in-law, Mrs. A. B. Macdonald of Vancouver. The other guests included Mrs. D. C. Coleman, Mrs. MacNaughten, Mrs. W. G. Colquhoun, Mrs. G. D. Edwards, Mrs. Noel White of Edmonton, Mrs. Chester Staples, Mrs. L. W. S. Cockburn and Miss Sara Spencer.

A large number of members of the Victoria Subdivision Catholic Women's League were present at the membership tea held at the home of the Misses O'Brien, Wellington Street, on Tuesday afternoon, and many new members were introduced by Mrs. J. B. Plumb, president of the subdivision. The tea table was prettily decorated with sweet peas and maidenhair fern, and Miss O'Brien poured coffee and Mrs. K. Hughes poured tea.

Miss Doreen Grant and Mr. Douglas Grant entertained last evening with six tables of bridge at the home of their aunt, Mrs. W. P. D. Pemberton, Rock-

WHAT! KITCHEN PYJAMAS?

Yes, madam, and they're new as Spring flowers. They're intended to replace house-dresses, with sleeveless jumper and three-quarter-length coats. Violet and purple gingham is a popular combination, with the trousers and jumper banding of fine plaid and the coat trimmed in a coarser plaid. Why not?

EX SOLDIERS RECEIVE HELP

Second Annual Report of Canteen Fund of B.C. Outlines Last Year's Work

The financial standing of the Canteen Fund and the work of the committee of which Lieutenant Colonel F. A. Robertson, D.S.O., of Victoria, is secretary, was given in the Canteen Fund of British Columbia's second annual report issued April 24, 1928.

Of the original allotment of \$251,395.02 received from the Federal Government \$233,185.95 has been invested in Dominion Government four per cent bonds, \$5.17 was spent in expense accounts, \$9,087.65 in relief accounts and \$21,718.33 balance, cash in bank was carried forward. The receipts for the year ending March 31, 1928, totaled \$33,300.94. Disbursements included total relief expenditures of \$27,121.49 and conference traveling fares of delegates amounting to \$2,511.95. With the cash in the bank the sum was balanced with the total receipts.

TO AID VETERANS

The Canteen Fund of British Columbia is the Province's portion of the Canadian Canteen Fund which was granted by the Canteen Fund Act, 1923. Its purpose is to aid ex-service men in straitened circumstances. The major portion of expenditures made have been for relief purposes. The general policy of the trustees has been to grant assistance to ex-service men and their dependents for relief of distress when caused by illness, emergency or death. No grants have been made for straight unemployment relief, although a large number of cases unemployed have been a partial cause at least why applications for assistance have been made. For example, a man who is out of employment may have illness in his family, which necessitates some assistance be granted, whereas if he had been steadily employed he would not have needed this assistance.

In cases of death assistance has been given in a number of cases in the payment of funeral expenses. When an ex-service man himself dies in destitute circumstances the funeral expenses are paid from the Last Post Fund, but in the case of dependents, assistance, when needed, is given from the Canteen Fund. It is generally known, of course, that if a man's death is due to valour his burial expenses are paid by the Department of S.C.R.

EMERGENCY CASES

Under the category of emergency case assistance has been granted in several instances to men who had the misfortune of having their homes burned or their furniture destroyed. Up to the present time assistance has been granted to 650 men or their families, for whom individual files are kept in the secretary's office. As there were only 218 such files made to March 31, 1927, it can be seen there has been an increase of new applications which have been approved during the past year of 431. Of the total amount expended in this way, approximately 45 per cent has been expended in the cities of Vancouver and Victoria, the remaining 55 per cent having been distributed amongst other parts of the Province.

HELP WORKERS

Last year part of the funds was used to aid returned men who wished to work in the prairies during the harvest season. Half the transportation fares of those who were destitute were furnished by the Canteen Fund while the other half was generously donated by the Vancouver City Relief Department, \$5.82 being spent in this manner. In addition the fund bought blankets for those who needed them in out-of-town jobs and an expenditure of \$720 was made for this purpose.

The expense account for the year amounted to only \$40, since the administrative expenses were defrayed owing to the fact that the secretary of the board of trustees is also chairman of the B.C. Returned Soldiers Commission and consequently has no office rent or stationery expense other than he incurs in the latter position.

In the conference of ex-service men's delegates on June 7, 1927, it was agreed that the Canteen Fund should not be kept indefinitely, but should be all used during the lifetime period of those who contributed to the fund. The suggested limit of time was twenty-five years. Relief was also recommended to certain classes that have been handicapped with a handicap as a result of the great War, such as the disabled, orphans and crippled children, widows with children and without pensions, the aged and the sick.

London, June 7.—The wedding of the young Earl of Arundell and Mary Isabel Merrick, daughter of a night club proprietor, who is already mother-in-law of one peer, took place at St. Marylebone Registry Office yesterday. The Earl of Arundell said they would spend their honeymoon in France.

YOUR BABY and MINE By MERTLE MEYER ELDRED

Mr. Eldred will be glad to answer all questions pertaining to babies and children. Address: 1004 Government Street, Victoria, B.C.

A DAY IN THE PARK WITH NURSE

We live near a large park and there is nothing we like better than to walk there and watch the people. Children interest is always but invariably we come home with a headache and a despairing outlook upon life. We are glad on these days that we are grown-up. Children have too hard a lot.

We sat one day near a small boy of about four and his very smart nursemaid. The boy had in his hands a pencil from which the rubber had been removed and a grimy sheet of paper. He ran to the small bit of dirt beside the cement walk and dug the end of the pencil in the dirt, and then poured it out again in a thin dribble. He was fascinated with this proceeding and the nursemaid poured out things until the nursemaid turned her head away in his direction. Immediately came her sharp voice:

"Do I let you play in the dirt?" it said severely.

"The boy stopped. Two other, nice-looking children of about his age were standing looking at him, and with complete indifference he went toward them. "Come here," said his nurse. He came. As we sat on a curving walk, with a deep rut on one side and a cement wall at the back the outlook

CHARGES FOUND TO BE BASELESS

Ottawa, June 7.—The McClimont charges of misadministration against the Department of the Interior were dismissed in the House of Commons yesterday when the matter was brought up by H. E. Spencer, U.F.A., Battle River, during consideration of a vote of \$4,613,300 for the department, of which Hon. Charles Stewart is Minister.

PRAIRIE AFFAIRS

Hon. Charles Stewart said the so-called charges had been levelled at the department and departmental officials. "They have referred not only to the Department of the Interior, but to all departments of the Government," he said.

Anyone who had read his statements in the public press, particularly the Western members, who were fully cognizant with the statutes under which the department carried on its affairs, would at once come to the conclusion that if all the statements made by this individual were on a par with the statement with respect to the administration of the school lands in Western Canada, not much credence could be given to any of the statements. Mr. Stewart said.

SCHOOL LANDS

The individual in question, Mr. Stewart, had repeatedly made the public statements with respect to the administration of the school lands in Western Canada, that had paid more than \$100,000, 600 than we were entitled to pay. Mr. Stewart read from a prepared report the particulars of several sales of land to show that in all respects the department had dealt equitably and justly.

SALARY SUGGESTION

These, he declared, refuted the charges of Mr. McClimont.

The Minister said Mr. McClimont had approached him with the suggestion that if he could obtain a salary of \$3,600 a year and a job in the department then this persecution would cease. Mr. Stewart said he was not going to give him any job.

The evidence had disclosed that during the commissioner's investigation public statements were given a fair hearing. The matter, he said, was not worth further discussion.

Hon. R. B. Bennett, Conservative leader, thought there was reason for an inquiry by the public accounts committee into the matter of the purchasing of supplies.

Mr. Stewart declared it his intention to have an inquiry instituted by the public accounts committee at the next session of Parliament. If any members would make charges the fullest investigation would be held.

Value of Healing Wells Still Research Subject

By DR. MORRIS FISHER

Water cures or treatments at healing wells are divided into three groups: those in which the effects are actually physical; those in which the effects claimed are magical, and those associated with religious conceptions. Of course, each of these groups may involve the others.

The cold bath treatment for fevers was practiced by Indian tribes long before science accepted the use of bathing as a general method for the control of fever.

Magic was early associated with treatment in healing springs, apparently due to the symbolism of washing away skin diseases or eye diseases by bathing in water supposed to have magical properties.

Religious cures associated with healing springs go back to the days of mythology, when men believed that trees, rivers and mountains were inhabited by spirits and gods, and when it was believed that gods associated with certain springs had marvelous powers in curing incurable diseases. Obviously, all of these things are without scientific basis.

There is no question but that certain hot springs are of value in the treatment of various diseases through the application of the heat and through the evaporation of medicinal substances from the water.

Nowadays, scientific physicians are loath to credit the change of environment, the vacation period, the change in the diet, and the laxative effects of most mineral waters with such benefits as are most frequently obtained. It is pointed out that there is hardly a single natural spring water that contains enough radio-activity to have any appreciable effect.

A Barrage of Bargains in Seasonable Merchandise Began This Morning

MONEY-SAVING SALE

LOOK! GENUINE BRITISH ADMIRALTY

TOWELS

You will be agreeably surprised at the value offered in this great discount clearance of Old Country towels, large size and super quality; reg. \$2.25 a pair. Sale price **\$1.50**

SENATE DEBATES PENSIONS BILL

Ottawa, June 7.—The Pensions Bill, with the Senate's amendments, which had been defeated in the House of Commons, was before the House again yesterday and was referred to the same committee, with the addition of Senator J. D. Taylor, Conservative, responsible for the amendments.

The important issues in dispute are the right of appeal of dependents of pensioners from decisions of the Pensions Board and the right of widows who married pensioners subsequent to their disabilities from which they died.

At present there are 700 widows who would be eligible for pensions if the proposal of the House of Commons were adopted.

Russian Addresses Big Wheat Pool Meeting at Regina

Regina, June 7.—At the International Wheat Pool Conference here yesterday H. S. Lulinsky, Russian representative, read an address in the name of the Union of Soviet Socialist Republics.

He touched lightly on the co-operative movement, but heavily on the Soviet Government's remission of taxes on some forty-five per cent of what he termed the poorer peasant group. His figures showed production was increasing in Russia and there was an exportable surplus of farm products on an equal scale.

He requested the chairman to say no questions at his address, were to be asked him during the session, but privately he would give any information desired. It is the custom to have delegates fire innumerable questions at speakers after they have finished. It

Sentence of Death Given in Alberta

Edmonton, June 7.—George Edmund Jackson, confessed slayer of Mrs. Nellie Pendleton of Westakatenau, Alberta, was found guilty of degree murder by a jury yesterday afternoon and was immediately sentenced by Mr. Justice Trede to be hanged in the Port-Sauvageau jail in August 28 next.

A rider attached to the verdict recommending mercy in view of the fact that Jackson unquestionably was a mental defective may result in the death sentence being reduced to life imprisonment.

On the stand yesterday Jackson admitted killing Mrs. Pendleton with an axe February 14, last, when she refused improper proposals he had made to her.

Jackson, who was arrested the day after the murder in an Edmonton theatre, comes from Vancouver, B.C. He was a farm hand at the Pendleton home.

VANCOUVER DEATH

Vancouver, June 7.—District Fire

Chief John A. Macdonald, forty-four, returning from a fire call. His predecessor at No. 1 Hall, District Chief H. Duncan, died two months ago under similar circumstances.

A STATEMENT

RELATING TO THE FUTURE OF THE CHRYSLER CORPORATION AND DODGE BROTHERS, INC.

The widespread public interest in recent events affecting the Chrysler Corporation and Dodge Brothers Inc., deserves an authentic and official statement and an assurance regarding the future of these two corporations.

Subject to the approval of stockholders, Dodge Brothers, Inc., will be acquired by the Chrysler Corporation, the plan of amalgamation having been recommended by their respective Boards of Directors.

Each of these great institutions will retain its identity, and will continue, as heretofore, to produce and market its own product in accordance with the high and progressive standards from which motor car buyers the world over have previously benefited.

Each will benefit from the consummation of a plan which unites such tremendous resources in material, manufacturing facilities, financial power and manufacturing genius.

Dodge Brothers will continue to be Dodge Brothers, and Chrysler will be Chrysler. Their products will be separate and distinct and will be continued in production without interruption. Their sales organizations will be unrelated except as they shall mutually share in the advantages of their consolidation.

Both public and dealers may look forward to the greater benefits which the consolidation of such tremendous resources will produce, and the men identified with these businesses may be assured of a stable and definite future, inspired by the progressiveness which has been responsible for this uniting of two great companies.

YANKS RUNNING AWAY BUT NATS FIGHTING HARD

Race in National League Gets Keener Than Ever; Reds Are Lucky

Pennoch Gains Revenge on Cleveland; Athletics Stopped By Sam Gray

Continuing activity in the major leagues yesterday tended further to tighten the race in the National League.

The Yankees howled over the Cleveland Indians 8 to 3, while the Athletics were sinking in St. Louis 5 to 2 in the big American League action. This only helped to swell the Yankees' lead in the runaway race.

Brooklyn enjoyed a fine batting afternoon against Ray Kopp, Carl Mays and Jim Edwards, as Douglas McWeeny turned back Cincinnati's forces for seven innings. Something cracked in McWeeny's service at this point and the Reds piled up five purely decorative runs in two innings as Rube Ehrhart rushed to the rescue.

The fighting Cardinals are thankful for whatever success they can register on the field but they are able to take only slight comfort from their 11-6 victory over the Giants at the Polo Grounds yesterday. McKee's men rallied gamely to win the game, but the showing of Grover Alexander in the first two innings convinced the baseball sharps that the veteran right-hander will be useless to the St. Louis cause for a few weeks more at least. He is troubled with a sore elbow.

The Chicago Cubs improved their position somewhat by defeating the Phillies 5 to 3.

Herb Pennock obtained revenge against Cleveland for the game they won from him at the Yankee Stadium last month. He clicked off his ninth victory of the season as George Uhle took another beating.

Howard Ehmke and Eddie Rommel, of the Athletics, failed to stop the St. Louis sluggers, who won behind the good pitching of Sam Gray. It was Gray's ninth win of the season.

The Yankees lead by nine games as the teams prepared to renew their battle to-day.

Jersey City 7, Baltimore 6.
Other games postponed, rain.

AMERICAN ASSOCIATION
St. Paul 3, Indianapolis 2.
Kansas City 3, Columbus 7.
Others postponed, wet grounds.

Ty Cobb, who began to hit in earnest as soon as his batting average sagged below .300 for a day, again was leading the "big six" yesterday. With three players idle, Cobb and Frisch divided six safeties evenly between them, while Ruth was going hitless in Cleveland. The Philadelphia veteran, however, charged with only four times at bat against six for Frisch, and this enabled him to catch and pass the Fordham flash in the current race for fourth place.

"Big Boy" a Slugger—By Jimmy Thompson

Bill O'Hara's fast-stepping Toronto Maple Leafs have been the sensation of the International Baseball League this year and there is plenty of reason, too. They headed the Toole circuit for some time, and Alexander and his war club have been among the main causes. "Big Boy" has been socking the pill over nearly all the fences in the league, to say nothing of topping long-drive records.

Last year he batted .338 and fielding .987, and to date it looks as if he will knock these records for a dizzy loop in 1928.

It has been hard for the league fans to forget the way "Joe" Kelly and "Red" Wingo, former heavy artillery for the Leafs, used to send 'em over the fences. But "Big Boy" is making their performances fade fast.

COMING FAST

ABBIE DAVIES

One of the most promising young fighters this city has developed for a long time is Abbie Davies, son of Billy Davies, former scrapper. He has fought some good fights lately and will appear on the programme on Saturday night at the Victoria West Gymnasium.

HEAVY HITTING WITNESSED IN CRICKET GAMES

Wednesday Leaguers Take Kindly to Bowling and All Pass Century Mark

Tillacums stuck at the top of the Wednesday Cricket League yesterday by winning their match against the Hudson's Bay. The Five C's disposed of the T-V eleven and became runners-up.

The Tillacums retired the Bays for 101 runs, and the turned around and applied 171 runs themselves, including a 63 by Lea and a 46 by Booth.

The Five C's rolled their total to 226 in defeating the T-Vs, who were all out for 103. Hewitt made 63 for the top score of the match.

The batsmen held the upper hand on the bowlers, all four clubs reaching beyond the century and one going over the second century.

The scores were as follows:
FIVE C'S
Hewitt, c Austin, b Tracy..... 62
Galt, c Scobie, b Dickson..... 28

HORSE RACING
New York, June 7.—Bateau, W. M. Jefford's fleet daughter of Man of War, won the Coaching Club American Oaks feature at Belmont Park yesterday. Darkness finished second and Valky, third. Bateau's time for the mile and three-eighths was 2:24. She paid 18 to 5 and won \$14,825 for her owner.

Bateau held the lead for the entire race. Valky attempted to stay with her but soon dropped back. In the final furling the heavy impost of 121 pounds and the deep mud began to tell and Jockey Earl Sande had to ride her out to win by a length. Darkness took the place by five lengths from Valky.

The Eagle Creek claiming handicap, feature at Latonia, went to Rosieweide, owned by the Four Oak Stock Farm, who covered the mile and one-sixteenth in 1:53. Royal Omar was second, five lengths behind, beating out Orman, the pace setter, by a neck. Rosieweide's advantage was gained by a fast finish after trailing up to the stretch.

The Long Branch seven-furling dash for three-year-olds, feature at the Toronto track, was won by Corinth with Pymalion second and Silver Song third. The winner's time was 1:30 3-5. Corinth paid \$7.50 on a \$2 mutual ticket.

A hotel proprietor, hearing of the whereabouts of a guest who had left without paying his bill, sent him a note.

The delinquent replied: "The amount is \$10.—Yours, etc."

PRICES SHORT AT RACE MEET

Few Double Figures at Calgary Yesterday; Shasta Sheik Wins Again

Calgary, June 7.—Shasta Sheik copped the Chinook Handicap, the feature event of the afternoon, with Fine Manners second and Greenfield third. It was an event of one mile and one-sixteenth. Fine Manners who went to the post a strong favorite, was hurried too fast in the early stages and tired during the stretch.

It was Shasta Sheik's second victory of the meeting.
Prices were short for the most part with very few double figures.

The results were:
First race, purse \$500, three-year-olds and up, six furlongs—1, John Morrill (Mantz), \$15.50; 2, Jack Frost, \$5.50; 3, Radiant Light, \$7.50; 4, \$4.50; 5, \$3.50; 6, \$3.50; 7, \$3.50; 8, \$3.50; 9, \$3.50; 10, \$3.50; 11, \$3.50; 12, \$3.50; 13, \$3.50; 14, \$3.50; 15, \$3.50; 16, \$3.50; 17, \$3.50; 18, \$3.50; 19, \$3.50; 20, \$3.50; 21, \$3.50; 22, \$3.50; 23, \$3.50; 24, \$3.50; 25, \$3.50; RUPERT WANTS HARBOR BOARD

Necessity of Such a Body Stressed at Meeting of Board of Trade

Prince Rupert, June 7.—The appointment of a harbor board for the port of Prince Rupert was the chief interest of the regular meeting of the Prince Rupert Board of Trade. The movement was strongly supported, and after some discussion was referred to a special committee for investigation. The matter will be reported upon and discussed at greater length at the next regular meeting of the board to be held in July.

FOR PORT ADVANCEMENT
M. P. McCaffery made the move saying that the inauguration of heavy grain shipments from Prince Rupert made it almost imperative that the Board of Trade give earnest consideration to ways and means for the advancement of the port, and that by the experience of older and bigger Canadian cities it was found that shipping and other port interests were best served by a special harbor board. It was resolved by all present that the Prince Rupert Board of Trade petition the Dominion Government authorities for the establishment of a harbor board for the port of Prince Rupert.

FISHING FLEET
The great need of wharves and other mooring places in and about the harbor was stressed. It was pointed out that the greatest fishing fleet on the coast, piled out of Prince Rupert and yet there was no proper mooring place for them. The backbone of Prince Rupert was said to be the halibut fleet. There was need of an ore sampler also, and this might be included in the work of the proposed harbor board. Another elevator might be built, by them and coal bunkers were a necessity. It was pointed out that four ships left Prince Rupert last week for Union Bay because they could not secure coal here.

CANOE VOYAGE ACROSS OCEAN

Siberian Eskimos Make Annual Voyage From Asia to North America

Nome, Alaska, June 7.—Speaking of transpacific hops, a fleet of ten canoes was beached on the shore of St. Lawrence Island, Alaska, and their crews of seventy-five Siberian Eskimos were feasting and swapping yarns with their North American relatives at a potlatch yesterday after having paddled across the North Pacific Ocean from Asia.

There is but fifty miles of open sea, however, between the two continents at this point, St. Lawrence Island being a part of North America, although some forty miles off shore.

The voyage is an annual affair with the Siberians, although last year was the first time for a number of years the Soviet permitted them to visit America. Foot races, wrestling matches and dancing, together with the swapping of stories, comprise the dizzy round of entertainment.

The voyage is made with sails and paddles, the Siberians being too hard up financially to afford motors such as are affected by their North American cousins.

Engineers Discuss Western Problems
Vancouver, June 7.—Engineers from many parts of Western Canada met in the Hotel Vancouver this morning when the opening session of the western general professional meeting of the Engineering Institute of Canada was held. The programme covers three days, closing on Saturday evening.

SPOKEN BY WIRELESS

Tough on Mr. Donahue
"And how is your husband?"
"He has such a stiff neck, my dear, that for a month he has only been able to drink his beer by sitting in that rocking-chair."

SIR CHARLES SYKES VISITING CANADA

former coalition Liberal member of the British House of Commons, is concerned over foreign competition and its effects on British trades. "Drastic remedies are required," he said on arrival in Canada a few days ago on the White Star liner Empress of Russia, the vessel which he formerly held. Sir Charles is accompanied by Lady Sykes.

OLYMPIC CARRIES EIGHTEEN CARS ON INITIAL CROSSING

Carrying eighteen automobiles on her first trip for the 1928 season from Victoria to Port Angeles, the Puget Sound Navigation Company's ferry steamer Olympic left her wharf at Seattle this morning at 9 o'clock for the United States city across the Strait. Eighteen cars are an exceptionally good number for the first trip and local officials of the company are well pleased with the way in which the Olympic has started her schedule.

The steamer arrived here yesterday afternoon from Seattle where she has been in drydock with several alterations. Fin keels have been installed and a modern lunch counter where passengers may obtain light lunches has been built in the aft portion of her saloon.

AUTO FERRY ROUTES

MILL BAY FERRY
Leaves Brentwood daily at 7.30 a.m., 8.15 a.m., 11.15 a.m., 1.30 p.m., 3.15 p.m., 5.00 p.m. and 7.00 p.m.
Leaves Mill Bay daily at 8.25 a.m., 9.10 a.m., 1.30 p.m., 4.00 p.m., 6.00 p.m. and 7.45 p.m.

VANCOUVER-NANAIMO SERVICE
Princess Elaine leaves Nanaimo daily, including Sunday, at 7 a.m. and 5.30 p.m.
Motor Princess leaves Vancouver daily, including Sunday, at 7 a.m. and 2.15 p.m.
Leave Nanaimo for Vancouver, including Sunday, at 10.30 a.m. and 5.45 p.m.

SIDNEY-NANAIMO
Auto ferries City of Bellinham and City of Annapolis leave Sidney, B.C., daily 1.30 p.m. and 4.30 p.m. On the 1.30 p.m. trip the ferry will call at Roche Harbor, Orcas and Lopez. On the 4.30 p.m. trip the ferry will call at Orcas only.

Leave Nanaimo for Sidney, B.C., daily 8.45 a.m. and 7.30 p.m. On the 8.45 a.m. trip the ferry will call at Lopez Is., Orcas and Roche Harbor. The 1.30 p.m. is a through trip—no stop.

SIDNEY-BELLINGHAM
Leave Sidney, B.C., for Bellingham daily 8.20 a.m., 1.00 p.m. and 4.00 p.m. (San Juan Islands).
Leave Bellingham for Sidney, B.C., daily 12.45 p.m., 5.00 p.m. and 8.00 p.m. (San Juan Islands).

VICTORIA-FORT ANGELES
Ferry Olympic leaves Victoria daily, including Sunday, at 9 a.m. and 2.30 p.m.
Ferry Olympic leaves Fort Angeles daily, including Sunday, at 11.45 a.m. and 6 p.m.

SAFETY ZONES FOR DOLLARS

BOND DENOMINATIONS
Although bonds of almost every conceivable denomination have been placed on the market at one time or another, the common unit is the \$1,000 "piece." Within late years, however, to take advantage of an investment field broadened widely by the \$50 and \$100 "pieces" of the Liberty Loans, many corporations have issued bonds in denominations of \$100 and \$500, and in some cases, as low as \$50.

These bonds have their own advantages and disadvantages. On the one hand, they enable those with savings of a few hundred dollars to buy several different securities, thus obtaining a wider diversification and avoiding risk. More important, they permit the small wage-earner to invest while he is saving. The individual who saves in sums of \$100 or \$500 today can have just as sound a bond as the man who can invest larger sums regularly.

On the other hand, if the man who buys \$100 and \$500 "pieces" becomes a constant investor, he will find eventually that these "baby bonds" do not fit into his ultimate program. The work of clipping coupons, effecting payment, preparing ownership certificates and continually watching over a great number of securities is quite a responsibility and is a fearful amount against buying in small denominations beyond what will satisfy the needs of diversification. Further, baby bonds are not quite as marketable usually as the \$1,000 "pieces." The investment house cannot put great effort into "baby bond" customers, the margin of profit is too small in the bond business. As soon as an investor can "put \$1,000,"

"Baby bonds" have undoubtedly come to stay, since they are helping a nation of active money-makers to become investors. For the mass who needs an incentive to save, "baby bonds" are ideal steps to financial independence.

JAPANESE LEGATE SAILS FOR HOME

Matsudaira Embarks For Japan Accompanied By Daughter

San Francisco, June 7.—The N.Y.K. liner Shinyo Maru, with a large passenger list aboard, sailed from here yesterday bound for Hongkong and other Oriental ports. Included among those who sailed on the vessel was Tameo Matsudaira, Japanese ambassador to the United States, with headquarters at Washington, D.C. Mr. Matsudaira was accompanied by his wife and daughter, Miss Setsu Matsudaira, whose marriage to Prince Chichibu, brother of Emperor Hirohito of Japan, and heir-apparent to the Japanese throne, will be an event of supreme importance in the land of the rising sun very shortly. In addition a group of twenty-two Y.M.C.A. boys from all parts of northern California were on the ship, bound for a two-months' tour of the Orient.

The world's largest motorship, the Augustus of the Navigazione Generale Italiana, is to be placed in the regular New York-Italy service on September 15 of this year. It was announced here today by the Italia American Shipping Corporation, agents for the line in the United States. Besides being the world's largest motorship, the Augustus will be the largest Italian liner afloat. She will be 710 feet long with a net tonnage of 32,660.

Contract for furnishing materials and constructing a shed and resending bins for section two of the Isala grain terminal, was awarded today to Joe Plasecki. His bid was \$57,825, and was the lowest of eleven submitted.

30	1.57	-12.98	1.14	-12.98

The time used is Pacific standard for the 12th Meridian west. It is counted from 6 to 24 hours from midnight to midnight. The figures for height serve to distinguish low water from low water. Where blanks occur in the table, the tide rises or falls insignificantly during the two successive periods without turning.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

PRINCESS VICTORIA TO CARRY EXCURSION TO SEATTLE JULY 2

Under the auspices of the Ancient Order of United Workmen, the Canadian Pacific coastwise steamer Princess Victoria will carry an excursion to Seattle on Monday, July 2. As this day is a holiday here it is expected that more than 1,000 people will make the return trip to the Sound City. It is thought that excursions from Vancouver and Seattle will be run to Victoria on that day.

The first moonlight excursion of the season will be taken out of Victoria on Saturday evening, June 30 on the fast C.P.R. flyer Princess Patricia. Under the auspices of the Standard Steam Laundry the Princess "Pat" will leave the Belleville Street dock of the C.P.R. at 7.15 o'clock, cruising about the Strait and the Gulf and returning to the city about 11.30 o'clock.

SISTERS OF MERCY LEAVE FOR CHINA

Will Work in Mission Fields of Orient; Russia Departs With Big Cargo

With four Sisters of Mercy, bound for the isolated mission fields of interior China among her passengers, the Canadian Pacific liner Empress of Russia will sail from Victoria this evening about 7 o'clock after taking on local passengers, cargo and mail. The Russia, with Capt. A. J. Hosken on the bridge, sailed from Vancouver at noon today and berthed at the Rithet docks about 5 o'clock. The big white liner had a capacity cargo filling her hold and a good passenger list in all classes when she put to sea from this port for Yokohama, her first port of call in the Orient. More than 4,000 tons of cargo made up her freight consignment, and she carried a total of 267 passengers, sixty-five in her first cabin, forty-four in her second, twenty-eight in her third, and 130 in the steerage.

The next Canadian Pacific liner to the Orient from Victoria and Vancouver will be the Empress of Asia, which will sail from this port on June 21. The Asia left Yokohama this morning and will arrive here on Saturday morning, June 16. The Asia will be the first Canadian Pacific vessel to dock under the new transpacific schedule, whereby their liners will arrive at this port on Saturday morning instead of Sunday morning, as they have been doing in the past.

Replacement Of E. & N. Bridges Is Progressing

The Canadian Bridge Company, which is engaged in replacing several bridges on the Esquimalt & Nanaimo Railway system, has completed its work on the Courtenay section of the line. It was announced this morning by E. Beasley, general superintendent of the railway company.

Work on spans at Rogers Creek and Kistakee Creek is in progress. Mr. Beasley stated. Wooden trestles are being replaced with steel, supported by concrete abutments and earth fills are being made.

Sailed: Commandant Destremau, Fiji Islands; Indian, Antwerp; Loch Goll, Seattle; Shinyo Maru, Hongkong; Ruth Alexander, Nome City, San Pedro; Parthenia, Glasgow; Borgasav, Oslo.

Puget Sound Navigation Company

\$1 Round Trip \$1

Day Excursion Fare
VICTORIA TO PORT ANGELES

Effective every Wednesday and every Sunday until Sept. 10, 1928. Steamers Olympic and Deschamps report made public this week. In addition to this lumber 15,083,885 feet of logs and bolts were shipped.

The Atlantic Coast was the heaviest buyer of B.C. lumber during the month, the report shows, shipments from the province to this part of the continent totaling 37,063,130 feet. Japan was the next largest market, taking 12,762,039 feet.

To the United Kingdom, British Columbia shipped 6,172,724 feet during April while to California this province sent 3,841,926 feet.

The grand total of lumber shipped from the three northwest states, Washington, Oregon and British Columbia during the month was 509,673,342 feet while 34,757,172 feet of logs and bolts were exported in the same period.

NOTICE TO MARINERS
Mariners are herewith advised that the gas and bell buoy marking Gossip Reef, 15 miles off Courtenay, is reported adrift from its position. This will be replaced as soon as possible.

PROVINCE SHIPS 60,387,876 FEET OF LUMBER IN APRIL

Lumber shipments by water from the Province of British Columbia during the month of April totaled 60,387,876 feet, according to the Pacific Lumber Inspection Bureau report made public this week. In addition to this lumber 15,083,885 feet of logs and bolts were shipped.

The Atlantic Coast was the heaviest buyer of B.C. lumber during the month, the report shows, shipments from the province to this part of the continent totaling 37,063,130 feet. Japan was the next largest market, taking 12,762,039 feet.

To the United Kingdom, British Columbia shipped 6,172,724 feet during April while to California this province sent 3,841,926 feet.

The grand total of lumber shipped from the three northwest states, Washington, Oregon and British Columbia during the month was 509,673,342 feet while 34,757,172 feet of logs and bolts were exported in the same period.

NOTICE TO MARINERS

Mariners are herewith advised that the gas and bell buoy marking Gossip Reef, 15 miles off Courtenay, is reported adrift from its position. This will be replaced as soon as possible.

Journalesse Enters U.S. School Books

Sacramento, Cal., June 7.—"Journalesse," the language of newspapers and newspapermen, is invading the public schools of this country.

Not only will California's new series of language books have cartoons suggestive of comic strips to enliven the pages, but the text matter itself will have a distinct newspaper flavor. There will be "lead" paragraphs such as are used in newspaper stories. Blackface type will be generously employed. Signposts will be introduced frequently and rules of speech and writing will be impressed on youthful minds with headline methods.

Three books of the new series will be ready for use at the beginning of the fall term.

"Y" SUMMER CAMP STARTS JULY 2

Beaver Lake Site Ready For Boys Next Month

The Y.M.C.A. camp promises to have a record season this year. Preparation has been made at Beaver Lake and several applications for attendance have been received. The boys will start living under canvas on July 2.

Last year in Canada and the United States over 88,000 boys attended summer camps of the Young Men's Christian Association. This fact in itself is an indication of the place that organized camping is popular in this country. All over the continent now the boys are greater and more successful.

This great "Back to the land" movement is resulting in a sturdier type of boy and there is an almost universal report from parents of a noted improvement of the boys after their two weeks' camp.

Beaver Lake Camp is the local unit of this great movement, and each year sees a group of eager boys taking part in its body and character-building programme.

The preparations for this summer are well along and the camp committee is expecting that accommodation will be used to the limit, as applications are already coming in. The camp is open for the month of July, starting on July 2, with Vivian Shemmer, Boys' Work Secretary of the "Y," as camp director.

Langford

The Prince Edward Branch, No. 91, of the Canadian Legion, held a dance at Langford Lakeside on Wednesday evening, June 6, Ozard's orchestra supplied the music.

Mr. O'Kelly, who has been staying with his daughter, Mrs. Harry Yates, has returned to his home at the Gorge.

Mrs. P. Welsh and friends visited Prospect Lake recently, the guests of Mrs. T. Brindley.

On Thursday night, at the Goldstream Road diamond, the two local soft ball teams, Langford and the Wilfert Lumber Company nine, will meet in a baseball game.

The Wilfert Lumber Company base-

ball team lost to the Marigold nine on Monday night by ten runs, on the Goldstream Road ground, the score being Marigold 13, Wilfert 3.

The gala afternoon held at Swastika on Monday was a very enjoyable and successful affair. Many people were present, including many members from the Victoria Women's Institute, among them the district president, Mrs. Frank Campbell, and the president, Mrs. Fedora. Women's Institute members and friends were present from Happy Valley, Luxton and Colwood. The dancing of Miss Florence Clough's pupils, of Victoria, under the trees in fancy costumes was a pretty sight and earned much favorable comment.

The coconut shies were well patronized and were managed by Mrs. J. L. Brown.

Mrs. George Savory worked indefatigably attracting patrons to the nail-driving competition and ring-the-peg contest, which was won by Mrs. E. C. Stewart. Ice cream found a ready sale, and was dispensed by Mrs. L. G. Wilkinson.

Tea was served on long tables out of doors under the canopy of the Mrs. A. Lowe, Mrs. H. Pike, Mrs. George Savory, Mrs. E. H. Phipps, Mrs. G. Nodbury and Mrs. Appleton. A large birthday cake made by Mrs. A. Cowie and artistically iced in the institute's colors, green, yellow and white, by Mrs. A. B. Cuthbertson, adorned the centre of the long table, celebrating the Victoria Women's Institute's birthday. Mrs. J. L. Brown, president of the local institute, welcomed all the visitors in a happy little speech.

A maple tree was planted in commemoration of King George's birthday by the youngest child present, Master Theodore M. Baylis.

The children enjoyed sports, swimming, a treasure hunt for candles, kindly provided by Mrs. Appleton, and scrambles for sweets given by Mrs. George Savory. The programme of fancy dancing was headed by the following girls: Lillian Laird, Violet Green, Betty Smedley, Margaret Smedley, Frances Wale, Irene Holmes, Georgina Conney, Christine Smedley and Jessie Cox.

Messrs. A. Bayles, F. Smedley and W. Miles ran sports for the children, which were won by the following:

Flat race, boys: First, Kenneth Hincks; second, Keith Brown.

Little boys' flat race: First, Henry Bennett; second, Oswald Hincks.

Girls' running: First, Katherine Miles; second, Hazel Oak.

Small girls' race: First, Betty Conney; second, Molly Dixon.

Three-legged race, boys: First, Keith and Campbell Brown; second, Kenneth Hincks and Grant Stewart.

Girls' three-legged race: First, Hazel Oak and Katherine Miles; second, Violet Green and Jessie Cox.

Slow cycle race: First, Jack Wilkinson; second, Keith Brown.

Long distance cycle race: First, Keith Brown; second, Campbell Brown.

Miss Savory and the Langford Women's Institute wish to thank all who helped to make the afternoon so enjoyable.

Luxton

Luxton, June 7.—A well-attended annual meeting of residents of Luxton was held Monday evening with reference to the affairs of Luxton Hall. The chairman, called upon the secretary of the evening, A. Hankin, to read minutes of the last meeting, hall committee report and treasurer's and auditor's report. All were considered satisfactory, and a vote of thanks was passed, also suitable remuneration to the hall committee for their untiring efforts. The committee elected for the coming year will consist of Messdames A. Page and C. Smith and J. M. Scouler.

Several important resolutions were brought forward with reference to renting of hall, charges, etc., said resolutions being passed upon by the meeting.

The matter of installing electric light was thoroughly discussed and the proposition favorably received. The hall committee for the ensuing year will further look into the proposition.

Mr. and Mrs. B. Croighton of Vinay, Vancouver Island, have been week-end guests of Mr. and Mrs. Harry Baxter, "Deerfoot Lodge."

Several members of the Luxton and Happy Valley Women's Institute were guests on Monday of the Langford Women's Institute, at a delightful garden fete held at the home of Miss Savory, "Swastika," Langford.

The friends of Mr. Ruddle will be sorry to hear he is a patient in St. Joseph's Hospital, Victoria.

An early pioneer and well-known resident of both Luxton and Happy Valley, Mrs. Mary Blatchford, widow of the late John Blatchford, passed away early Monday morning in Vancouver at the home of her daughter, Mrs. Charles Porter. The late Mrs. Blatchford came to Vancouver Island in 1896 from Prince Edward Island, first settling on Belmont Avenue in the Colwood district, later moving to Luxton and Happy Valley. Three children survive, one son, John of Jordan River, and two daughters, Mrs. Charles Porter of Vancouver and Mrs. Frank Brown of Peachland. The funeral took place at Colwood Cemetery, Wednesday, June 6, at 3:30 p.m.

Islands

MAYNE ISLAND

Mayne Island, June 7.—Erected by public subscription at the initiative and through the energy of Capt. E. L. Houlgate there is now a fine flagstaff on the waterfront here. Empire Day was chosen to mark the occasion.

As the Ss. Charnier steamed alongside the jetty at 12:45 p.m. the Union Jack was hoisted by the Rev. Walter Anderson, of Winnipeg, who expressed his pleasure in assisting in the ceremony, an act of loyalty to the King and Empire. The National Anthem was then sung. A large number of people were present, also representatives of the army and navy.

A most enjoyable time was spent at the picnic and sports held on the field owned by Mr. Cullison. A large number came over from Galiano Island and joined in the sports. There were stalls where tea and sandwiches, ice cream and soft drinks could be obtained. In the evening dance was held in the hall, a number coming from the surrounding islands.

Miss Vera Robson has returned to Vancouver after spending a fortnight with her parents.

Mrs. Waugh and A. Waugh have come from Vancouver.

A number of people have gone to Vancouver for the "May" Mrs. Mary Emery, Mrs. Taylor, Mrs. Vigners, Mr. and Mrs. J. Smith and daughter, Mrs.

MAGIC BAKING POWDER

IS ALWAYS RELIABLE
E.W. GILLET & CO. LTD.
TORONTO, CAN.

T. Garrick and son were among those who went.

SATURNIA ISLAND

Saturnia Island, June 7.—Mrs. Patterson, Mr. and Mrs. Boy and Mrs. Hill went over to Mayne Island for the sports.

Mrs. Field has returned home from Vancouver.

Miss Marjorie Campbell has returned here after spending a few days with her parents, Mr. and Mrs. L. A. Campbell, of Victoria.

Master Wyming Irving has returned to Victoria after a visit to his grandparents, Mr. and Mrs. Spalding, of South Pender Island. Miss Ann Pender and Master Arthur Pender, of Victoria, have also been visiting their grandparents, Mr. and Mrs. Spalding.

Pender Island

Pender Island, June 6.—J. MacDonald returned to the island last week from North Vancouver.

Master Jimmy Kindlin of Vancouver has been spending the past week on the island, the guest of Master Lyle Brackett.

Mr. and Mrs. H. C. Chamberlain of New Westminster spent the week-end with relatives.

Mr. and Mrs. W. Balderson of Vancouver were guests of Mr. and Mrs. Fry over the week-end.

Dave Menzies also came down from Vancouver on Saturday, returning next day.

Mr. and Mrs. R. S. W. Corbett spent several days in Victoria last week. Returning on Saturday they were accompanied by their daughter, Mrs. Wm. Mollison, and her infant daughter.

Miss M. McIntyre and Miss Jean Graham spent the holiday week-end in town.

Mrs. Robert Renault, of Victoria, formerly Miss Mina Armstrong, is visiting her sister, Mrs. Claude Conery at Port Washington this week.

Sidney

Sidney, June 7.—The general monthly meeting of the North Saanich Horticultural Society will be held in Wesley Hall this evening at 8 o'clock. Rev. Robert Connell will speak on "Plant History on Vancouver Island." The society is planning a basket picnic to Butchart's Gardens on June 16. Final arrangements for transportation will be made at the general meeting.

A general meeting of the North Saanich Liberal Association will be held in Matthews Hall on Saturday, June 9, at 8 p.m.

The Allies Chapter, I.O.D.E., will meet in Matthews Hall, Sidney, on Thursday, June 7, at 2:30 o'clock. Mrs. Dallas Perry, director of the I.O.D.E. Girl Guides in British Columbia, will address the chapter on "Guides and Brownies."

The fortnightly meeting of the Holy Trinity and St. Andrew's evening branch of the W.A. will be held on Monday evening, June 11, at the home of Miss Iris Goddard, Blaufort Road.

The North Saanich Social Club sports committee held a successful concert and dance in the clubrooms on School Cross Road, Friday evening. The "agony band" of sixteen banjos, kazoos, horns, tin pans and drums provided a burlesque programme. The musicians were Bert and Bessie Reading, William and Reg Bewick, Alfred, Harold and Victor Nunn, George Lloyd, Walter Lind, Bill Owens, Bill Boddy, Owen Thomas and Mr. Sansbury, director.

A mock trial proved most amusing. Cases appearing before the court included Bert Reading, charged with bigamy; Harold Nunn, charged with embezzlement; and Richard McDuff Tuttle with petty larceny.

Mrs. George Clarke presented prizes to winners of bicycle races held for the children of the members. Agnes Holmes and Vera Heal, first and second in the girls' race, received boxes of chocolates. In the boys' race, Victor Heal was a gold medal donated by Mr. Harris of Harris & Smith, Victoria. Wesley Jones, coming in second, was presented with a bronze medal, and Peter Ricketts received a knife for third place. A special prize for juniors first was presented to Charlie Sansbury.

Buster Brown, well-known comedian of Victoria, delighted the audience with a laughing song, accompanied by Professor Heaton. A banjo duet by George Lloyd and Walter Lind was followed by a solo, "Among My Souvenirs," by A. Bewick, with banjo accompaniment and band chorus.

Miss Gertrude Partridge, in costume, contributed a graceful fancy dance. Mr. McComb, of Victoria, rendered violin solos, delighting all music lovers.

Ladies of the auxiliary served a dainty buffet supper, the younger members assisting. Dancing followed, music being supplied by Miss Florence Hambley and W. Boshier.

NEW FEDERAL BUILDING SOON IN OTTAWA

Ottawa, June 7.—The House yesterday approved a vote of \$1,380,000 for public buildings in Ottawa.

G. G. Coote, U.P.A., Macleod, asked Hon. J. C. Elliott, Minister of Public Works, whether the Government had considered securing the property on the south side of Wellington Street, between Metcalfe and O'Connor, for a public building. It was a much more desirable site than that proposed for use as a public building further west on Wellington Street, he said.

Mr. Elliott replied that that question had been under consideration by different governments for the last thirty years. However, it had been decided to erect it on the site selected at the west end of the present Parliament Buildings grounds. That property had been secured at considerable cost.

A. A. Heaps, Labor, Winnipeg North, suggested the Government might obtain advice from architects as to the advisability of locating its new building at Confederation Park.

Mr. Elliott replied that the present site for the new building had been recommended by architects.

H. E. Spencer, U.P.A., Battle River, asked if it was the intention of the Government to house the Bureau of Statistics permanently in the building formerly occupied by the Edwards Mill.

The Minister replied that it was the

present intention that the bureau should be moved to that property.

GARBAGE CANS REPAIRED

Sealed tenders addressed to the undersigned, and endorsed "Tender for Alterations to Heating Apparatus, Shaughnessy Hospital, Vancouver, B.C.", will be received until 12 o'clock noon (daylight saving), Thursday, June 13, 1928, for alterations and additions to the heating apparatus at Shaughnessy Hospital, Vancouver, B.C.

Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa; the Resident Architect, Department of Public Works, Victoria, B.C.; the General Post Office Building, Vancouver, B.C.; and the Builders' Exchange, 615 West Hastings Street, Vancouver, B.C.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equivalent to 10 per cent. of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,
S. E. O'BRIEN, Secretary.

Department of Public Works,
Ottawa, June 7, 1928.

NOTICE TO CONSIGNEES

This is to advise that the My Pacific Shipper has arrived from United Kingdom, and duty entered at Customs, and cargo discharged. Please pass Customs entries forthwith, and take delivery from Rith's No. 1.

NEWS IN BRIEF

Mrs. J. O'Reilly has received by cable the sad news of the death in London, England, of her father, Reginald Windham, aged sixty-two years, youngest son of the late General Sir Charles Ash Windham of Felbridge Hall, Norfolk. "The Hero of the Redan."

An illustrated lecture on "The Conquest of the Age as Shown in the Great Pyramid" will be given under the auspices of the Victoria British-Israel Association by E. E. Richards in Matthews Hall, Sidney, on Friday, June 7, at 8 p.m.

For selling merchandise at Jordan River on May 31 without the necessary trade license Jack King, a Chinaman, was fined \$15 in the Provincial Police Court this morning. He was also ordered to pay \$20 for the purchase of a license.

Mrs. E. McPherson was fined \$30 in the City Police Court this morning on a charge of driving her car to the common danger on Oak Bay Avenue. Charles Jacklin was also fined \$20 on a similar charge. Both charges were following an accident at the intersection of Oak Bay Avenue and Rockland Avenue.

News has reached the city of the death of Ardrossan, Saskatchewan, last week of Col. Arthur Hills Gladstone-Newcomen, C.I.E., who was a frequent visitor to this city. For forty years he was with the Indian Army, and saw service in the Egyptian campaign, in the Boer War, the Russo-Japanese War and in the Great War.

The general meeting of the Canadian War Pensioners' Association will be held Friday, June 8, at 8 p.m. at 84 Surrey Street. The address will be given by W. Turner, Handicap Section Officer of the Provincial Government Employment Bureau, on "The Employment of Ex-soldiers in Industry." All disabled ex-service men are asked to attend.

Dignity Williams, the Welsh author, who lectured on "Lloyd George and the Making of Wales," two weeks ago last, will be at the First United Church schoolroom on June 14 at 8:15 p.m. on "The Great Hymns of Wales." The lecture on Wales was a revelation, and it is said that the one on the hymns of Wales is quite as interesting. The Welsh choir and the First United Church prize quartette will assist. On Monday morning at 10:30 at the Y.M.C.A. Williams will address the clergymen of the city.

The Hillside-Foxl Bay and Burnside-Mount Tolmie street car services will be affected by the paving work on Douglas Street, in addition to the changes announced yesterday, it was decided to run the street cars on the Burnside and Burnside Hillside terminals will come into the city by way of Government Street and will proceed up Fort Street to the Foxl Bay and Mount Tolmie terminals. They will return to the Burnside and Hillside terminals directly by way of Douglas Street. These alterations go into effect next Monday.

A festival of the three hours took place Tuesday evening at the Amphion hall, where the members of the Schubert Ladies' Choir, the First United Church Choir and the Victoria Male Chorus held a joint gathering to celebrate the past season's successes in the two musical festivals of Victoria and British Columbia. A composite committee had made arrangements, which resulted in a programme full of variety and interest. Refreshments were served, dancing held sway till the small hours. The affair was a complete success.

Extra provincial companies registered: Fidelity Appraisal Company, \$30,000, Milwaukee and Vancouver. Enangel and Heating Products Limited, \$50,000 shares of no par value, Sackville, N.B. and Vancouver.

Attack Made On Italian Embassy In Berlin To-day

Berlin, June 7.—Witnesses of a window-smashing episode at the Italian Embassy here to-day described it as an anti-Mussolini demonstration. Stones were thrown from an automobile as it passed in front of the building and five windows were broken. One of the shattered windows being in the Ambassador's study, which the Ambassador just returned from. Shouts of "Down With Mussolini!" accompanied the stones. The Communist organ Rote Fahne today attributed the attack to a protest against the recent sentencing of Communist leaders in Rome to the penitentiary. The newspaper said that after the demonstration had fled, the ground was found to be strewn with handbills reading, "Down With Mussolini," and summoning all to attend a demonstration at the Sport Palace to-morrow.

Rooming Houses In Vancouver Are Ordered to Close

Vancouver, June 7.—Acting on information received from the police department, Trades License Inspector Charles Jones has served notice on three rooming houses which were mentioned at the police inquiry that they must cease operating. The houses are situated on Hastings Street East. The suspension will be the subject of a report by Mr. Jones to the civic finance committee.

Mr. Jones has warned each proprietor that if the operates without a license action will be taken under the city by-law.

New York, June 7.—The Bible continued to be the world's best selling book in 1927, establishing a new record of 10,034,797 copies, says the annual report of the American Bible Society. Copies were published last year in 166 different languages and dialects, and the first complete Bible in the Luba Lulu language of the 2,500,000 Bantu natives of the Belgian Congo was issued by the society.

Ten Persons Injured By Explosion During Fire in Cafe in Hollywood

Chaplin and Other Film Celebrities Flee When Warning Given Them

Hollywood, Cal., June 7.—A heavy explosion which wrecked the Russian Eagle Cafe here a few minutes after a score of film celebrities headed by Charles Spencer Chaplin fled for their lives. The blast occurred in the area just west of the cafe.

Theodore Lochinsky, former Russian army general and owner of the cafe, sustained what physicians believed after first examination to be a basal skull fracture and severe head lacerations. His condition is serious. Irvine P. Strober, a guest, also is believed to have a skull fracture and possible internal injuries.

CANDLES FOUND

An investigation by the sheriff's office and the county fire warden revealed that at 8 o'clock last evening eight candles, surrounded by a kerosene-soaked cloth, had been found burning in the attic of the place.

A similar contrivance was reported to have been discovered at midnight. Pending co-ordination of these findings, the sheriff's office declined to express an opinion as to whether the fire and explosion were accidental or the result of a plot.

A gay party was in progress in the cafe, a popular film retreat, as the midnight hour passed. With Mr. Chaplin were Marquis de la Palaise, husband of Gloria Swanson; John McCormick, director, and his wife, Colleen Moore; Rene Adair, Mrs. A. C. Swann, and several other film folk.

One of the safe employees discovered fire had broken out in the basement and a warning was carried to the dining room. Quickly the place was emptied of the film people, only a few others remaining. The blast occurred a few minutes after the arrival of the fire department.

The walls of the building bulged outward and the roof came down. High voltage electric wires which were torn down and a warning was carried to the dining room. Quickly the place was emptied of the film people, only a few others remaining. The blast occurred a few minutes after the arrival of the fire department.

Was Resident Here Forty Years

Charles Edward Driver, a resident of Victoria for the last forty years, passed away this morning at St. Joseph's Hospital.

The late Mr. Driver was born in Barham, Kent, England, and is survived by his widow, at the family home, 564 Dallas Road; two sons, W. B. Dixon of Victoria, and Mrs. G. W. H. Driver, Duncan, and P. G. Driver, Nanaimo. He was a member of Court Victoria of the B.C. Foresters.

The funeral will be held from the B.C. Funeral Chapel Saturday at 2 p.m. Rev. F. A. P. Chadwick officiating. Interment will be held in Ross Bay Cemetery.

OBITUARY

Rev. Father Ethelbert, O.S.F., has arrived from Vancouver to conduct the requiem services over the late Sister Mary Celine, one of the Novices, who passed away at St. Joseph's Hospital on Tuesday evening. The remains of the late Sister have been lying in state in the private chapel of the Monastery, where Requiem Masses will be celebrated to-morrow morning, Rev. Monsignor Leternie, V.G., and Father Ethelbert officiating. Burial will be made in the Catholic cemetery at Ross Bay, adjoining the grave of Rev. Father Brabant. This is the first death in the Poor Clare Community since the Monastery was established in 1912.

The funeral of Marion Isabel Violet Ferguson, who died at the Royal Jubilee Hospital on June 2, was held yesterday afternoon from Sands Funeral Chapel. Service was held at the West Saanich United Church by Rev. M. W. Lees and was attended by relatives and many friends. The hymns sung were "Father, Hear My Children Call" and "The Great Physician." Rev. W. C. Michael sang a solo entitled "Nearer, Still Nearer." The following acted as pallbearers: W. McNally, E. McKay, G. Hafer, T. Mitchell, R. Crawford and W. Folsom. Interment took place in Shady Creek cemetery.

The funeral of Ronald Christopher McRae, who died at his home, Cedar Hill Road, on Sunday last, took place yesterday afternoon from the Sands Funeral Chapel. Relatives and many friends attended the service, which was conducted by Rev. M. D. McKee. The casket was covered with many flowers. The hymns sung were "Rock of Ages" and "Ever With the Lord." The pallbearers were W. A. Braithorne, C. Nicholas, J. B. Jameson, T. P. McConnell, R. Russell, and R. H. Meldrum. The body was laid to rest in the family plot at Ross Bay Cemetery.

The funeral of Mrs. Mary Jane Blatchford took place on Wednesday afternoon from McCall Bros' Funeral Home to St. John's Church, Colwood, where services were held at 3:30 o'clock. Rev. W. B. Allen officiating. Interment was in the churchyard with the following as pallbearers: R. Brown, A. Hinkin, G. Porter and H. A. Porter.

Funeral service for Mrs. Maude Marie Mackie, who died at her home, Wilkison Road, on Saturday last, was held yesterday afternoon from Sands Funeral Chapel. Relatives and many friends attended the service and floral tributes covered the casket. The body was laid to rest in Royal Oak Burial Park.

The remains of William Martin were laid to rest yesterday afternoon in Ross Bay Cemetery, the funeral taking place from Hayward's B.C. Funeral Chapel, proceeding to St. Andrew's Cathedral, where service was conducted by Rev. Father Evans. Many friends attended, including Mrs. Taylor, representing the Veterans of France, and Mrs. Chambers, representing the Canadian Legion. Rev. Patricia branch. A large number of beautiful floral offerings were received. The following acted as pallbearers: Mrs. Moore, A. Duncanson, A. D. Emler, R. Clelland, H. Button and F. Abraham.

Promising Young Athlete Is Dead

Francis John Henry Viggers, twenty-year-old son of Mr. and Mrs. F. Viggers of 1640 Burrard Avenue, and a promising young athlete of the city, passed away after a very brief illness at the Jubilee Hospital this morning.

The young man had been a popular member of the Five for Footbal team for the last three years and was also a member of the Centennial basketball team, and his passing will be mourned sincerely by a host of friends. He was born in England, and came to this city with his parents eighteen years ago. He is survived by his parents, two brothers and one sister.

The remains are resting at McCall Bros' Funeral Home pending funeral arrangements.

P.G.E. APPEALS ON CONTRACT

Georgia Construction Company's Charge of \$59,503 For Work Disputed

Dispute Arose Through Disagreement of Engineers at Mile 13.7 on Line

An appeal by the Pacific Great Eastern Railway from a Supreme Court judgment ordering it to pay \$59,503 as the cost of overhaul work done by the Georgia Construction Company in exchange for the tender for a contract at Mile 13.7, is on the preliminary list for hearing by the British Columbia Court of Appeal, to be reached in due course.

The Georgia Construction Company and the Bank of Toronto brought suit against the P.G.E. Railway when a final certificate from the railroad's engineer and G. D. Moxon, the respective engineers, differed as to which was the most accessible method to remove the material from the cut, and the defendant's work was successful in obtaining judgment for \$59,503 and general costs of the action.

The Pacific Great Eastern Railway, in defending the action in the Supreme Court, set up the fact that the Georgia Construction Company had been for \$127,980, and that the work was to have been carried out at the discretion of the defendant's engineer, G. D. Moxon. The respective engineers differed as to which was the most accessible method to remove the material from the cut, and the defendant's work was successful in obtaining judgment for \$59,503 and general costs of the action.

BRIGHOUSE ESTATE

An action over an accounting in the estate of the late Sam Brighthouse, former owner of Brighthouse Park, Vancouver, was set for trial in the Supreme Court this morning. The action was brought by the executor of the estate, Michael W. Brighthouse, against the defendant, Frederick C. Morton, administrator and one executor of the estate. The action was brought by the executor of the estate, Michael W. Brighthouse, against the defendant, Frederick C. Morton, administrator and one executor of the estate.

Monoplane Southern Cross Held at Fijis; Will Take Off in Few Hours

Suva, Fiji, June 7.—Balked by a rough surf and dusk, the monoplane Southern Cross was prevented from hopping off to-day from this island for Brisbane, Australia, on the last leg of its trans-Pacific flight.

The monoplane rested on Nasalai above the high water mark on Nasalai Beach, sixteen miles from Suva. Its pilots, Captain Charles Kingsford-Smith and Charles Gurnea, Australians, returned to Suva with the announcement that they contemplated taking off about 2 p.m. to-morrow, Friday (8 p.m. Thursday Victoria time).

The plane was left at 4:30 p.m. to-day (7 p.m. Wednesday, Victoria time) but when the steamer Pioneer, loaned by the Government of Fiji, arrived at the beach with 800 gallons of gasoline in drums the work of transferring the fuel to the chere was delayed by the heavy surf. Darkness had set in by the time the fuel tank was being landed and the plane's tanks filled.

This is the first time the Southern Cross has been unable to move on the approximate scheduled hour set for it since it started from Oakland, California, for Sidney, Australia.

Captain Kingsford-Smith estimates that, once in the air, the Southern Cross should be able to cover the 1,762 miles between Suva and Brisbane in about twenty hours.

The air course of the four fliers in the Southern Cross south-westward to Brisbane will take them a few miles to the southward of the Loyalty Islands, composed of coral sand, and past the southern tip of the large island of New Caledonia, which is mountainous. These islands, inhabited by people formerly cannibals, still are known for the savagery of the natives.

SHORT LAND HOP

From Brisbane to Sydney the fliers will be able to choose between a flight over mountains and an air journey along the seacoast. The distance is approximately 500 miles to Sydney, the goal of the flight of 7,800 miles.

Only the two Australians, Kingsford-Smith and Gurnea, will continue to the end of the flight, Lynd and Warner, the United States aviators, intending to leave the plane at Brisbane.

PRESBYTERIANS NAME MODERATOR

Rev. Dr. J. Buchanan, Missionary in India, Heads Canadian Church

Regina, June 7.—Rev. John Buchanan, a missionary in India, nominated by the Paris, Ontario, presbytery, last night here was elected Moderator of the General Assembly of the Presbyterian Church in Canada. His was the only name put in nomination, and his unanimous choice for leader is said to be the first in history of the Presbyterian Church.

In a brief speech of acceptance, Dr. Buchanan thanked the Assembly for the honor bestowed upon him. It was with great trepidation, he agreed to assume the onerous and important duties incumbent upon the chief executive, he said.

UNEXPECTED HONOR

"When I left my post in India to come to Canada, it was my earnest desire to place before the General Assembly of the church the need for intensive effort in the evangelization of India," said Rev. Dr. Buchanan, who was elected Moderator of the General Assembly of the Presbyterian Church in Canada.

"I regard my elevation to this high office as an expression designed to commend the great importance of the foreign mission field."

MUSSOLINI IS GREAT LEADER

Wallace Terry Gives Rotarians Impressions of Europe

Happy incidents and experiences of a tour of Europe were given the Rotary Club to-day at the Empress Hotel in an interesting talk by Wallace Terry. He paid tribute to the Canadian Pacific Railway and the services accorded tourists by its remarkable European organization.

Mr. Terry called attention to the League of Nations' efforts to improve the calendar and its adoption of the scheme of Moses Cotworth of Vancouver. He believed that the efforts of the League to attain recognition of the Cotworth calendar of thirteen months of twenty-eight days would be successful in Europe.

Mr. Terry recalled having won the steamer sweepstake on the Atlantic daily run three times in succession, a most unusual run of luck.

Graphic descriptions of the scenery and architectural wonders of Southern France and Italy were given by Mr. Terry, with a review of the artistic wonders of Rome and the Vatican. He declared the Vatican to be the greatest museum of the world.

He believed Premier Mussolini will be known as one of the greatest statesmen in the world having stopped the spread of Bolshevism. Italy was today the most prosperous nation in Europe, without unemployment and with many new industries. Mr. Terry considered Premier Mussolini chiefly responsible.

Visits to Naples, Mount Vesuvius and Pompeii, Florence, Venice and Milan, with their scenery, artistic treasures and industries were described.

"After all the cities I have seen, London is the greatest. It is something to be proud of to know one belongs to the British nation," he concluded.

LUNCH AT SIDNEY

The Rotary Club next Thursday will hold its meeting at the Sidney Experimental Farm as the guests of Superintendent E. M. Straith. Cars will leave the Bank of Montreal promptly at noon.

BOYS' CAMP AIDED

President Fletcher recommended, as a public service, that the Rotarians support the Y.M.C.A. boys Summer camp at Beaver Lake by individually subscribing \$8, the cost of a week's outing for a lad. A hearty response followed, many members subscribing support.

J. C. M. Keith was congratulated upon election as a Fellow of the Royal Institute of British Architects.

George I. Warren stated that the National Credit Men's Convention at Seattle will visit Victoria on Wednesday next and asked for cars to take the thousands of delegates on a short afternoon tour of the city.

The Rotary fountain on Malahat Drive has been re-conditioned by a committee of the club.

G. Donald Gray, famed radio entertainer from KOMO Seattle, rendered a group of solos, accompanied by Miss Mabel Irvine.

FLIERS MEET FIRST DELAY

Monoplane Southern Cross Held at Fijis; Will Take Off in Few Hours

Suva, Fiji, June 7.—Balked by a rough surf and dusk, the monoplane Southern Cross was prevented from hopping off to-day from this island for Brisbane, Australia, on the last leg of its trans-Pacific flight.

The monoplane rested on Nasalai above the high water mark on Nasalai Beach, sixteen miles from Suva. Its pilots, Captain Charles Kingsford-Smith and Charles Gurnea, Australians, returned to Suva with the announcement that they contemplated taking off about 2 p.m. to-morrow, Friday (8 p.m. Thursday Victoria time).

The plane was left at 4:30 p.m. to-day (7 p.m. Wednesday, Victoria time) but when the steamer Pioneer, loaned by the Government of Fiji, arrived at the beach with 800 gallons of gasoline in drums the work of transferring the fuel to the chere was delayed by the heavy surf. Darkness had set in by the time the fuel tank was being landed and the plane's tanks filled.

This is the first time the Southern Cross has been unable to move on the approximate scheduled hour set for it since it started from Oakland, California, for Sidney, Australia.

Captain Kingsford-Smith estimates that, once in the air, the Southern Cross should be able to cover the 1,762 miles between Suva and Brisbane in about twenty hours.

The air course of the four fliers in the Southern Cross south-westward to Brisbane will take them a few miles to the southward of the Loyalty Islands, composed of coral sand, and past the southern tip of the large island of New Caledonia, which is mountainous. These islands, inhabited by people formerly cannibals, still are known for the savagery of the natives.

SHORT LAND HOP

Only the two Australians, Kingsford-Smith and Gurnea, will continue to the end of the flight, Lynd and Warner, the United States aviators, intending to leave the plane at Brisbane.

Schoolboy Has Bullet In Brain

Indianapolis, Ind., June 7.—Because he was afraid to tell his parents he had been accidentally shot by a slingshot, William Johnston, thirteen, went about his usual duties, including his classes in grade school, with a bullet in his brain. His condition was discovered when he complained of a high fever and headache.

He was rushed to a hospital, where attaches said the bullet had made a small jagged hole in the skull and had penetrated the brain for a distance of two inches. The boy was conscious and hospital attaches said removal of the bullet depended on his condition. They said William was in a serious condition, but believed he would recover.

Had Resided In Japan For Last Twenty-five Years

The remains of the late John O'Flaherty, Hungerton, Crewe-Read, who passed away suddenly in Vancouver on Tuesday are resting at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place Saturday afternoon at 2:30 o'clock after which the remains will be laid to rest in the Royal Oak Burial Park. Rev. E. W. Carter will conduct the service.

The late Mr. Crewe-Read was a native of Cape Breton, Nova Scotia, where he was born sixty years ago and had been in Victoria five months, lately residing at 1314 George Street, where his widow and one daughter, Miss John O'Flaherty, are residing.

For twenty-five years prior to coming to Victoria, Mr. Crewe-Read represented the Pacific Cable Company of New York in Japan. He was a thirty-second degree Mason and was a member of the Rotary Club of Honolulu.

DIXON AND GRAY AGAIN TEAMING ON STAGE AT DOMINION

Those who have heard him on the radio will be pleased to learn that Sidney Dixon, who with his partner, Donald Gray, has delighted thousands of listeners in is back at the Dominion Theatre and will appear for the rest of the week. Mr. Dixon, who with Mr. Gray was appearing with great success at the Dominion Theatre, was forced to retire from the stage for a time owing to a severe cold. He was able to return this afternoon and will sing for the rest of the week.

JOHN R. BONE, TORONTO, DIES

Toronto, June 7.—John R. Bone, managing editor for many years of The Toronto Daily Star, died suddenly at his home here this afternoon. He was 62 years of age.

Mr. Bone was born in the Star Building this morning, but went home feeling unwell.

MORGAN SERVES—When J. Pierpont Morgan received a summons to serve on the Nassau County Grand Jury at Mineola, L.I., international banking affairs went without his personal guidance while he helped indict bootleggers and motor thieves. Here he is shown entering the courthouse on his new 84-a-day job.

NORANDA LEADS BIG BULL MOV

Toronto, June 7 (By R. F. Cast
teased wire).—A minor bull market
was initiated in to-day's trading on
the Standard Exchange. Led by No
levels's smashing move into new high
levels Tech Hughes, Sudbury Basin
Wright Hargreaves, Hollinger and
Mandy all made noticeable gains, while
Malartic and Amulet were traded in
large volume.

On news from the north that 1
feet of ore assaying fourteen per cent
copper and ten in gold had been

anda staged one of the most remarkable advances that had been made in the present move, which started a little over a month ago at \$17 a share.

opening 30.10, Noranda sold up 39.09, closing at 33.65 and 33.75. We said in our market bulletin a few days ago that Noranda was cheap at 33.75, and we still continue to emphasize that Noranda will sell considerably higher this year. The tremendous development campaign which is now being started will undoubtedly open up new ore bodies and extend the bodily life of the mine.

Teck Hughes showed a fifty-point gain, selling up as high as 11.00, and closing at 10.75 and 11.00, while Sudbury closed at 10.10 and 10.25. In the Basin, at 10.10, the market was strong. Hollinger at 14.50 showed a 34-point gain, while Mandy at 295 at 300 was up 25 points. Amulet closed

Noranda has proved itself a market leader, in that it has started a buying wave of a constructive

Deserted Town Proves Bonanza; Sand Gold Laden

The story of how a deserted town site in Idaho, on which an Irishwoman lived and which she owned, has opened up during the last year one of the great gold-producing districts of Western America, was brought back to Victoria by Col. G. C. Hodson, former Canadian battalion leader overseas, and now financial man, who has arrived here after a 3,000-mile motor car trip and is conferring with H. E. Hunning Victoria broker.

No War Danger In Europe Now, Banker Asserts

Toronto, June 7.—Sir John Aldrich, president of the Bank of Commerce, after an extensive trip in Europe, stated in an interview here that he considered that there was no danger of another outbreak of war. "Europe is coming through slowly, but surely, a new era," he said. "I have been in Italy, Germany, France, and in England, and the evident desire of all peoples is to get back to normal conditions."

Sir John expressed admiration for the recovery of Germany. "Germany is a unit so far as world relations are concerned, and will continue to make a contribution to the world's stability. Germany will never ask any concessions from the United States. In fact, the opinion seems to be that sooner or later the United States will have to make some kind of a proposal for adjustment. After the presidential election in the States we may see some move in that direction. In about two more years France will be in a position to make a move in the way of settlement or compromise," he said.

Sir John went on to say that he considered that many people in England were of the opinion that the United States had a back debt which several of the states repudiated after the civil war.

Durant Motor Sales Set Up New Record

New York, June 7.—Durant Motors plants in May shipped 18,125 cars, exceeding the April total by 15.4 per cent and the best previous record since 1923 by over twenty-nine per cent.

1926-7	340,000,000

B RITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined . . . smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonington Falls and other points is being steadily increased. The Campbell and Chilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 161.3%. Our total payroll, including all classes, is estimated at 210 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprise on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia is the eyes of the world; stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize

SILVER BUCK IN "BRANDED SOMBRERO" AT THE COLUMBIA

Silver Buck, the famous white horse belonging to Buck Jones, saves his master from being ground under the wheels of an express train in "The Branded Sombra." Buck's latest production for Fox Films, which has been booked at the Columbia Theatre for three days, beginning to-day. Buck attempts to save a huge sum of money belonging to his sweetheart.

Attacked from behind, Buck is overcome and his unconscious body placed across the path of an oncoming express train. Silver, seeing his master's predicament and tears his bonds loose just as the train passes over the spot.

Lella Hyams plays opposite the Western star. Others in the cast are Jack Easton, Francis Ford, Josephine Borio and Leo Kelley.

STAR OF CAPITOL PICTURE HAS HAD COLORFUL CAREER

The adventurous life led by Reginald Denny, famous screen star, has been as colorful and exciting as many of those he portrays in motion pictures. The star, whose recent comedy successes, the Universal production "Good Morning, Judge," at the Capitol Theatre all this week, was an aviator with the British Royal Flying Corps during the war, a professional boxer, an opera singer and a globe trotter. Mary Nolan plays opposite him in his new picture, which William A. Seiter directed. Others in the cast are Dorothy Gailiver, Otis Harlan, William Davidson, William Worthington, Bull Montana, Sailor Sharkey and Charles Coleman.

ARRANGE RETURN OF WESTMINSTER SINGERS IN HOLIDAY TREAT

So impressed was Edward Brancome, director of the Westminster Glee Singers, who recently charmed two capacity houses at the Royal Theatre with their programmes of Old Country songs, with the beauty and climatic conditions of Victoria, that he has decided to give a much needed rest to his company after their strenuous tour across Canada, and will take advantage of the rest to become better acquainted with such beauty spots as Butchart's Gardens, Beacon Hill Park, the Marine Drive, the Crystal Garden and the many other attractive features of Victoria. During this brief holiday the Glee Club have arranged to sponsor, at the insistent demand of the many who were unable to obtain admission on account of the heavy demand for seats, a return engagement at the Royal Theatre for one night only, on Friday, June 8, when an entirely new programme will be offered by the same personnel. The Westminster Glee Singers require no further introduction to Victoria, as they have already established themselves as worthy exponents of their art. One of the most pleasing factors of their composition is the total absence of any striving for effect; each singer—and this element is most apparent among the soprano boys—seems to sing from sheer love of music. Seats will be on sale at the Royal Theatre to-day at prices somewhat reduced. This was made possible by the elimination of further heavy publicity and railroad expenses.

"LES MISERABLES" IS BILLED FOR CAPITOL THEATRE NEXT WEEK

The town of Montreuil-sur-Mer has made a cult of Victor Hugo, and his works, particularly "Les Miserables," occupy the most prominent place in the shelves of the local library. When the famous French play was first staged, it arrived at Montreuil in order to film the scenes with M. Madeleine, they were accorded the warmest welcome by the citizens. The whole town rose to the occasion and rendered the producer every assistance in his work. M. Dupart, the Mayor of Montreuil-sur-Mer, accompanied Henri Pescourt round all the places described by the author. Time has fortunately respected the old houses in which a good deal of the action passes, and the producer was able to film most of the scenes in their actual setting. "Les Miserables" will be shown at the Capitol Theatre all next week.

FAMOUS PASSION PLAY BOOKED FOR PLAYHOUSE SCREEN

The Passion Play outlasting the "Ten Commandments," which only a few years ago was acclaimed the greatest production up to that time is booked for the Playhouse Theatre next week.

In 1833 the village of Oberammergau, in Bavaria, was visited by a terrible plague. On its cessation the entire population made a vow to perform the Passion Play every tenth year. Out of gratitude, and as a means of religious instruction—a vow which has ever since been faithfully observed. The inhabitants of this secluded village have a rare union of artistic ability and cultivation with perfect simplicity.

Rosenwald Fund Division Planned

Chicago, Ill., June 7.—Julius Rosenwald, millionaire philanthropist, believes future generations should provide their own vantage point. He so expressed himself in explaining his request that the Julius Rosenwald fund, which now exceeds \$20,000,000, should be fully expended within twenty-five years after his death. Mr. Rosenwald made an additional gift of \$2,000,000 to the fund recently, turning over to it 20,000 shares of Sears-Roebuck stock at par \$100.

"Times are changing so rapidly it is impossible for us to predict the needs of future generations," Mr. Rosenwald said. "For that reason I have asked the trustees to give away the entire fund within twenty-five years after my death."

I realize such a stipulation is contrary to current practice, but I believe the greatest good can come through the use of the entire sum.

A Wonderful Convenience and an Aid to Pleasure

WHEN you travel, especially abroad, you carefully choose your route, selecting those trains, boats and hotels that offer the greatest comfort, thereby ensuring a thoroughly enjoyable trip.

In your advance planning do not forget this highly important matter... ready funds.

To carry money in the ordinary form is risky. It is also inconvenient, as practically every country uses a different form of currency.

For convenience, enjoyment and safety, carry the Travellers' Cheques issued at all branches of this bank. These Travellers' Cheques cost only a trifle, and are accepted as cash practically everywhere on the civilized globe.
